

Important Information: KCC Transport Integration - Relocation

In April 2012, Transport Integration (T.I.) transferred from Commercial Services to the Highways and Transportation (H&T) division within Kent County Council. This was part of a strategy to better align the disciplines of T.I. with other parallel functions within H&T and as part of our further integration to the division, from Monday 18th February T.I. will relocate from its current site at Kings Hill, West Malling to the Kent Highways Depot at Aylesford.

From Monday 18th February T.I.'s new address is; Aylesford Highways Depot, St Michaels Close, Aylesford, Kent, ME20 7TZ. This should be used for all future correspondence.

Existing telephone numbers will transfer but it should be noted that there will be no fax facility and the existing fax number will be discontinued from (end of) Friday 15th February.

E-mail addresses are unaffected and you should continue to deal with your usual contacts within the department. A copy of an updated structure chart is attached for your reference.

Operators should note that the new address should be used for all post, including invoicing, but that CRB checks will continue to be completed at Gibson Drive.

For further information please contact your normal contact within the department or e-mail; transport.integration@kent.gov.uk

Steve Pay

Transport Integration Manager (Interim)

Transport Integration
Gibson Drive, Kings Hill,
West Malling,
Kent.
