

## Annex B

SUPPORT	OBJECT	UNDECIDED	COMMENTS
1			Support. It may mean that unauthorised cars park in our forecourt spaces. Concerned about company van for La Belle Kitchens parks on the road and causes a lot of traffic flow problems on the main road. This is more deserving of yellow lines.
1			I think we can reduce slightly the length of yellow lines, I have indicated on the drawing where we actually need. This I hope will minimise the parking impact.
1			Can you extend the restriction to Church Road Business Centre, Eurolink entrances to aid with vehicle movements?
1			Suggest the vans ask permission to park in the greyhound stadium car park.
1			It would be beneficial from a safety aspect to continue the yellow lines in Church Road towards Stadium Way immediately outside the gates to Central Park Stadium
	1		It would greatly restrict the amount of parking for our clients affecting trade. Our clients are predominantly plumbers who carry tools in their vans and roof racks. The parking restrictions would cause vans to be parked out of direct sight of the centre thus increasing the potential for theft from vehicles.
