

## Polling Districts and Polling Places Review 2014: no responses received to consultation in opposition to the proposals

The following tables set out the proposed polling districts, polling places and polling stations in Swale, taking into account the new ward boundaries which take effect in May 2015. Proposed polling stations must be within the polling place.

As this review is looking ahead to May 2015, the electorate figures are as estimated in the final report produced by the Local Government Boundary Commission. Postal voters are also estimated as 12% of the electorate. The maximum number of voters for a polling station is 2,500.

<b>District ward:</b>		Boughton and Courtenay Ward	
<b>Estimated electorate (2017)</b>		4,395	
<b>Estimated number of voters at stations</b>		3,868
