Audit Committee Annual Report 2014/15

1. The Role of the Audit Committee:

Swale Borough Council understands and supports the value of having an independent Audit Committee as an essential component of the Council's governance framework.

The Swale Audit Committee comprises nine members whose key purpose is to monitor internal and external audit activity, review and comment on the effectiveness of the Council's regulatory framework and review and approve the Council's annual statements of accounts and scrutinise associated strategy and policy.

The Committee is independent from the Council's Executive and Scrutiny functions and has clear reporting lines and rights of access in order to discharge its responsibilities in line with its terms of reference. This includes direct access to the Council's Appointed Auditor and Head of Audit Partnership where appropriate.

The Committee holds, develops and maintains skills, interests and knowledge in finance and risk management, accounting concepts, standards and regulation. It must provide independent and unbiased scrutiny to promote apolitical discussion, as well as maintain ability to challenge the Executive and senior officers of the Council when required.

The Committee is not a substitute for the Executive function in the management of internal or external audit, risk management, governance, or any other review or assurance function. It is the Committee's role to examine these functions, and to offer views and recommendations on the way the management of these functions is conducted.

2. Terms of Reference

The Committee's detailed terms of reference are set out in the Council's Constitution and are based on the Chartered Institute of Public Finance and Accounting (CIPFA) model.

In summary, the Committee is responsible for providing independent assurance to the Council in relation to the areas of governance. Key terms are to:

- 1) Consider the effectiveness of the authority's risk management arrangements, the control environment and associated anti-fraud and anti-corruption arrangements.
- 2) Seek assurances that action is being taken on risk-related issues identified by auditors.
- 3) Be satisfied that the authority's assurance statements, including the Annual Governance Statement, properly reflect the risk environment and any actions required to improve it.
- 4) Approve (but not direct) internal Audit's strategy and Annual Audit Plan and monitor performance against them.
- 5) Review summary internal audit reports and the main issues arising, and seek assurance that action has been taken where necessary.
- 6) Receive the annual report of the Head of Internal Audit
- 7) Consider the reports of external audit and inspection agencies.
- 8) Ensure that there are effective relationships between external and internal audit, inspection agencies and other relevant bodies, and that the value of the audit process is actively promoted.
- 9) Review the financial statements, external auditor's opinion and reports to Members, and monitor management action in response to the issues raised by external audit.
