Enquiry The Ip has called in to report that a couple of weeks ago he woke up at 0200hrs in the morning in the store room at The Ivy Leaf Club, High Street, Sheerness on his own and locked in. The IP reported this to police and states that he got a crime report reference, however he cannot locate it currently. The Ip states that he and his friend went into the pub 01/05/2017 to ask the landlord [REDACTED] if he found the IP's wallet or glasses after the incident a couple of weeks ago. [REDACTED] turned round and said to the IP 'you are barred' 'get out of here' and then pushed/shoved him to the back of the head/shoulders. The IP does not know why [REDACTED] was being like this and he does not know why he is barred either. The Ip has left the pub as he did not want any further trouble. There is CCTV at the pub but the Ip has stated that when police requested CCTV for the previous incident he told them it was not available.

Responsible Officer...PSE 59269 BOORMAN
Valid On02/05/2017 21:40

Enquiry The IP has had a brain aneurysm and has a noticeable scar to the back of his head due to this. No lasting pain and no visible injury was received at all.

.....I cannot see any justification in the enquiry log as the why the suspect name has been linked to nominal [REDACTED] It is not a relatively uncommon name, and no other details are known linking him to the suspect. The premises licence holder for the Ivy Leaf is currently Colin BARRETT (info from BACCHUS)

Enquiry**INVESTIGATIVE EVALUATION**
.....
.....This report relates to common assault. The victim is reporting that he attended the IVY LEAF in order to ask the Landlord if his wallet and glasses had been found following an incident a couple of weeks prior, and the Landlord became abusive to him, told him he was barred and grabbed hold of him by the back of the head/neck in order to evict him from the premises.

.....*Victim*
.....Is entitled to a standard service.
.....States the incident he makes reference to prior to this has been reported, however there is nothing listed on Genesis; this is the only report on the system against this victim's details.
.....Victim is supporting a prosecution but no MG11 has been obtained as yet.
.....Victim has scarring on his head as a result of a previous aneurism; no additional injury sustained as a result of this incident.

.....*Offender*
.....Victim states it's the Landlord of the Club, [REDACTED] - not listed on Genesis at this address; information in relation to licensee shows different male.

.....No RAG assessment at this time; details need confirming.

Enquiries:

.....
 *Witness(es)*
 Victim refers to being with his 'friend' when this happened - no details of the friend have been recorded.

 *Scene*
 Victim believes there to be CCTV at the location. He has made reference to it 'not being available' after the last incident - with no previous report on Genesis that information cannot be substantiated.

 SP/SG - none recorded, however the victim states he has been barred from the Club so has no reason to return. I am satisfied the risk is low at this time. Full SP will need to be recorded by OIC as appropriate.

 When considering the likely outcome and proportionality in terms of allocating for further investigation, until the suspect is identified it's not possible to properly establish if prosecution is likely. There is a potential witness and possible CCTV footage and

 the victim is supporting. This is a violent crime and therefore in the public interest to pursue a prosecution and once evidence obtained, there is a realistic prospect of a conviction. That said, if the suspect has no previous offending history I would expect this to be NCD.

 PLOE - 1) witness identification 2) suspect identification

 FTA 1 - Victim contact. Establish details of the 'friend' who was with the victim at time of the incident. Make contact and establish if willing to support prosecution. Does the 'friend' know who the suspect is? Obtain full account accordingly.
 Also, obtain full details in relation to the previous report the victim states he made. Was this made to Kent Police? Does he now have the reference number to hand? Was the Landlord [REDACTED] involved in that incident - what was the outcome? Ensure there is a separate crime report recorded in relation to this if not recorded outside of Kent.

 Responsible Officer ...PS 10027 DE LOZEY
 Valid On05/05/2017 16:02

Enquiry *cont'd*

 FTA 2 - dependent on outcome of action 1 - CCTV enquiries at the IVY LEAF CLUB; licensing officer may be able to assist to avoid the need to go directly to the staff.

 If suspect identified, report will need referring back to a supervisor for RAG assessment to be completed.

EnquiryHe describes the bar manager as - white male, 40's, shaven head, trimmed goatee, wearing a blue long sleeved shirt and smart trousers. - he would recognise him again.
.....IP did not suffer any injuries at the time but states he has had a headache since this occurred and due to a previous aneurism in his head he is going to go to the doctors over the next couple of days.
.....He believes there is CCTV of the incident.

Responsible Officer...PC 12669 NELSON

EnquiryHe feels this was due to an incident a couple of weeks earlier, that police attended (cad 12-0079 refers) where he woke up in the store room of the Ivy Leaf club, and doesn't remember getting there. He stated he had a couple of drinks at the Weatherspoon's and then went to the Ivy leaf with a friend called [REDACTED] with a nickname of [REDACTED]. He has spoken to this friend who stated he thought the IP had gone home as he had disappeared and left his drink and didn't return.

Responsible Officer...PC 12669 NELSON
Valid On17/05/2017 21:45

EnquiryIP stated that when he woke up there was a gas canister next to him, puffing out gas into his face, and the following day he noticed bruising to his wrists. He stated that he felt he had has his drink spiked and been tied up.
.....I have liaised with the officers that attended this job at the time, who confirmed that the IP had stated the same to them, there was no evidence of him being tied up, and no rope in the property. There were gas canisters but these are the canisters that are linked to the beer barrels, and they were all intact. There was no evidence of any offences.
.....

Responsible Officer...PC 12669 NELSON
Valid On17/05/2017 21:45

EnquiryIn relation to his wallet and glasses - attending officers confirm that the IP had his wallet with him when he was let out of the pub, and he stated that the glasses that were on the table where he had been sitting, waiting to be let out were not his. They deemed that there were no criminal offences at the time.
.....IP is willing to support a police prosecution in relation to the assault that was initially reported in this report. He is willing to give a statement and attend court if necessary.

Enquiries:

.....
.....I have reviewed this report with the OIC. This report relates to a assault in a public house. There are no injuries and this is therefore a common assault. The OIC has conducted CCTV enquires however due to time constraints the CCTV is no longer available.

.....
.....I note that a witness statement has been obtained and that a suspect has been identified. A victim statement is still required.

.....
.....The OIC should obtain the witness statement and then deal with the suspect. The suspect needs to be added to this report.

.....
.....I have considered the risk. The suspect does not know where the victim lives. The victim has not been back to the PH and has no reason to. The offence is now reasonably old and there has been no further contact. This is summary only. The risk is therefore low. I am happy for the suspect account to be obtained by NCI.
