

Name of Consultee	Points Raised	Councils Decision
Mr John Edgington (Licensee) Faversham Golf Club, Belmont Park, Faversham ME13 0HB	Further Stringent measures necessary to promote Safety for Children.	
Mr David Bell (Licensee) Wheatsheaf Inn, Warden Road, Eastchurch ME12 4HA	Higher Profile of Policing – Troublemakers believe they can get away with it.	
Mr Ernest Steele (Local Resident) 3 Park Avenue, Sittingbourne ME10 1QX	I have no particular interest in Licensing Policy other than I would like to see 24hrs licensing revoked. All day is fine but should cease at midnight in my opinion.	
Mr Barry Griffiths (Local Resident) 44 Sunnybank, Murston, Sittingbourne ME10 3QN	Licensing hours are too long and should be greatly reduced.	
Mr Jian Ye (Licensee) 28 Main Road, Queenborough ME11 5BN	I think we need to stop the young age child who just reaches the age of 18 years, they buy the alcohol for the under age.	
Ms Suzanne Middleton (Personal Licence) 42 Ruins Barn Road, Tunstall ME10 4HS	The Council needs to recognise that entrepreneurship needs to be encouraged and developed and not hindered by outdated personal policies and views, held by Council planning members. A visionary view would be helpful otherwise individuals will not be inspired to invest locally and hence the local economy will suffer and jobs will not be created.	
Mr Christopher Maclean (Licensee) The Railway Hotel, Preston Street, Faversham	If the licensing objectives have been met in Swale then the Council's obsession with introducing DPPOs would not be necessary would it? Policy is useless – Implementation of policy is needed.	
Mr Mark Galpin (Personal Licence) Warden Springs Holiday Park, Eastchurch ME12 4HF	We do (and have for many years) suffered from local youths entering the park and causing damage and distress to my holidaymakers and owners. If it continues then people will stop
