

To whom this may concern,

I have been an employee of Eurobars as a barperson for a number of years. At the end of my shifts I frequently call into the Crown Hotel to relax and unwind. I use the Crown Hotel because I find it friendly, comfortable and safe. I believe the reasons for this are Mr. Norton's intolerance of excessive drinking, violence and drugs. These are policies which I and my fellow employees enforce in the various Eurobars, and I find it very reassuring Mr. Norton regards the welfare and safety of the customers as a priority.

I hope this letter may in some small way help with any decisions you may have to make regarding the future of Mr. Norton and the Crown Hotel.

Yours Sincerely,

Dear Sir Imadam,

I have been using the Crown hotel in High street Sheerness Kent as my local drinking Tavern for many years. In that time I have never seen the use or dealing of illegal substances. Many handbids have come and go in the time I have been using this establishment. My children and relations have also used this establishment and they have never seen any of that kind of activity going on. Mr Norton is Conscientious when it comes to that sort of thing, he has always said that if he found anyone doing drugs he would expel them from the establishment and alert the correct authorities. If you come down to live, Stigote you would see it's just a local pub where we can just enjoy a drink.

Yours faithfully

M Lawson.

To whom it may concern

I would like it known that long time friend of mine Mr Steven Norton of The Crown Hotel Sheerness, That i have never known or seen him take or sell drugs

When i have been a customer of The Crown Hotel i have seen Mr nortons zero tolerance to drugs ,trouble makers and abusive people .This is why don't mind taking my children in to this establishment for soft drinks and crisps as i feel it is a safe place for them .As someone who is drug tested on a regular basics because of the importance of my job(Coxswain)the safety to others at sea and the work place, i would not use the establishment if there was drugs being used on the premises.

Yours faithfully

Mr D. Illsley

Dear sir/madam

I have been a regular in the crown public house for almost 25 years. I have seen landlords come and go, the current landlord Mr Steve Norton whom I have known for about 10 years has been a good friend to me and a breath of fresh air for the pub.

I've never seen Steve take drugs or sell them in all the time he has had the pub. Mr Norton mingles with the locals whom he likes and respects and through this gets respect back.

Steve has done wonders with the pub, stripping it bare and rebuilding it. There is never any trouble and any riff-raff has been barred from this pub. I am able to take my wife in there and have a good time knowing we are safe and in an environment free from trouble or drugs.

Yours sincerely

To licence officer

Dear madam

I have known Mr Norton for 8 years, and he is a very known and respected member of the sheerness community.

I am a registered doorman and have done a lot of door jobs for Mr Norton at the crown public house; both before and after refurbishment.

I have never seen Mr Norton take or sell drugs in the time I have known him.

There is never any trouble, drinkers both men and women just love him to death. He is very friendly and mixes in with the punters; he is just one of the boys.

Yours faithfully

Ian Hymers
