

Conyer Road, Barrow Green - Proposed Amendments to Parking Restrictions

Name	Address	Support	Object	Notes
		1		Instead of removing lines, add Parking Permits for residents 1-6 Bridge Cottages only, otherwise anyone could park and cause arguments between neighbours
		1		Parking restrictions needed at junction Frenchs Row and Lower Road o/s our house. Cars park on corner and restrict view
		1		By removing one side there will still not be enough parking, but it's better than nothing
		1	1	If you let cars park in front of property, they will again park on f/w and make it impossible to get a pram in or out of the doorway
		1		If yellow lines removed and Parking Bays not introduced it could have adverse effect on residents of Bridge Cottages, people who live in the Crescent use the spaces in Bridge Cottages, so we have to park past the railway station. Could the proposed planning application for the rear of Bridge Cottage have an 106 order placed on it, providing off street parking bays for Bridge Cottages, this development will affect the residents here the most and may be a good will gesture.

Richmond Street, Sheerness - Proposed Amendments to Existing Double Yellow Lines

Name	Address	Support	Object	Notes
				Better than what is here now
				Good idea If we could have a dog bone at the entrance to our garage at R/O 42 Marine Parade ( in Richmond Street)
