

Bull Lane, Newington
Section of road subject to petition

7th July 2006

37 Bull Lane
Newington
Nr Sittingbourne
Kent
ME9 7LT

Dear Sir/Madam

We are writing on behalf of the Residents of Bull Lane, Newington.

As you have been made aware by the Parish Council, the Parking in this road is intolerable!

Many Residents have had their cars damaged on several occasions ranging from wing mirrors kicked in and broken, key scores across vehicles to recently a drunk driver heavily damaging a parked Range Rover and absconding from the scene.

The Police have been informed and have advised us that we need to bring it to your attention ourselves.

Some Residents have already written to you asking to cut back their front gardens to provide off road parking, but this has been refused.

What are Residents supposed to do if they are happy to find a solution to the problem themselves but you refuse to allow permission.

Although the road has speed bumps it is still used as a race track. This also causes concern as many young children play outside.

We are a mixture of Private Owners and Council Tenants and none of us should have to or can afford to keep paying out for damage to our vehicles that is completely unnecessary.

We have only been here since February and the damaged to our 2 cars alone has been in excess of £2000, as I'm sure is the same of other residents.

Please find to follow a list of Residents who want to put in their own Driveways to protect their vehicles.

We are prepared to do the work all we are asking for is permission to do this and the Council to provide us with a drop curb to elevate the problem and to look at the possibilities of putting traffic control measures in to stop speeding once the road is opened up.

Please treat this matter of urgency before any more vehicles are damaged!
