Dear Jo

Re Swale Transportation Board meeting 18<sup>th</sup> September  
Report on the B2231 Survey

As this report was instigated by Leysdown and Warden Parish Council at a joint meeting in February 2006, and only one copy of the report has been made available at very short notice, -

From what we have heard this report does not cover the issues raised at our meeting and therefore we would ask the committee to defer acceptance of the report until it can be fully reviewed and our comments taken consideration.

Thank you for your help

Pat Sandle  
Chair Warden Parish Council
