To whom it may concern,

I am writing to you regarding Cross Lane in Milton high street, I live at number 6 and am appalled that you propose to put double yellow lines outside my residence as I and the other residents park there, the car park has been made pay and display and there is no other adequate parking facilities, this troubles me as the road by the school (Milton court) is extremely busy and I have 3 young children, I do not feel it is safe to park across the road and walk the children over to our house when there is a perfectly reasonable place to park right outside, I myself never block anyone in or park in the way of the walkway.

If these plans go ahead I fear for the safety of the children and was wondering whether we would be issued with a parking permit for the car park? I doubt it very much I pay my council tax every month and feel this is a very unfair thing to do. I strongly oppose the plans and hope you will take my concerns into consideration.

Yours sincerely

Carly Morrell
