Introduction/Background

1. The current parking scheme was introduced in Faversham in 2001-2. This Autumn, the Borough Council undertook consultation over a wide area asking residents their views on the current parking scheme. A copy of the questionnaire, and the area consulted, can be found in Annex A.

2. The response to the survey has been very good; to date we have received over 700 responses. At the time of writing this report officers have not been able to process all of the responses received.

3. Officers will give an oral update to the meeting, giving the general issues raised during the consultation. A full report will be made to the next meeting of this board on the 27th March 2007.
