

TO: SWALE JOINT TRANSPORTATION BOARD
DATE: 25th June 2007
SUBJECT: Sittingbourne Residents Parking Scheme (Update)
BY: Head of technical Services
Classification: Unrestricted

Summary: An update report to Members informing them of the progress with the scheme.

Implications:

Human Resources Implications - None

Finance Implications – Funding will need to be identified.

Legal Implications – None

Crime & Disorder Implications - None

Sustainability Implications - None

Risk Implications - None

Decision Required: This is an update report

Introduction/Background

1. Following the implementation of the scheme in 2006, a review has taken place in the form of a consultation with residents within the current scheme area and on the outskirts.
2. The consultation took place in March 2007 asking residents within the scheme area if the scheme was working and to submit comments and ideas on how to improve the scheme. Residents on the outskirts were asked if they would like to be part of the scheme. The closing date for the consultation was the 9th April 2007. The consultation area has been included in Annex A and the consultation leaflets have been included in Annex B and C.
3. Due to the positive results of the “outskirts” consultation, a further consultation is planned to commence in June 2007. This will inform residents of a suggested layout for the proposed scheme and a space will be provided in the consultation material for residents comments regarding that layout.
4. A full report with the consultation results will be submitted to the JTB in September 2007

Recommendation

5. I recommend that Members note the report.
