Dear Miss Lee

Re - Residents Parking Scheme

Thank you for your letter, which I received on 10th May 2007.

We are currently in the process of arranging for the monitoring of vehicles parked in Albany Road in regards to the problems you have highlighted. As you are aware the scheme is currently under review and your petition will be submitted to the Joint Transportation Board meeting in September 2007 for consideration.

We will consider your ideas in regards to resident's only parking in the street they live, but initially feel this could cause wider problems within the scheme area as you highlighted in your letter.

If you need any other information regarding the above please contact me on 01795 417061.

Yours sincerely

Brett O'Connell
Assistant Engineer
Swale Borough Council
