Dear Mike

Re: 49-55 high Street, Sheerness – Bewise

Many thanks for your letter dated 29th June 2007, although I note that I am still yet to receive any confirmation that a public advertisement has been made.

In light of the above, and in anticipation of the public order I now write to you on a formal basis expressing our concerns over the proposed development and formally objecting to the same.

As previously discussed I fully appreciate that the subject land in the proposal falls under public highway, therefore does not come under my clients ownership, despite being clearly identified within the land registry boundaries map.

Upon a recent site inspection it was noticed that the proposed development will severely impact on my clients business and the usage of the rear yard area for deliveries. It is clear that free access into this area will be severely hampered, as the lorries will need to reverse into the bay to unload goods e.t.c.

With the above in mind I would be grateful if you would seriously consider this issue when making your final decision on the taxi rank, as it is clear that this will potentially cause a series of problems.

I look forward to receiving confirmation of receipt of this letter, and look forward to your prompt response.

Yours Sincerely

Regards
