Dear Brett

Proposed Waiting Restrictions – Oad Street, Sittingbourne

Thank you for your letter regarding the above.

In principle we agree with providing corner protection at junctions, and opposite if necessary, if parking is presenting a problem. However the recent traffic calming scheme installed includes a pinch point with build outs (see plan) outside Hoad House. It should therefore in theory be unnecessary to extend the yellow lines as far as shown.

Your drawing shows what appears to be a build out on the western corner of Munsgore Lane, which I don't believe exists.

As with any parking restriction there is always the issue of displacement. As this scheme only affects the public house, which has a car park, hopefully this won't be a problem.

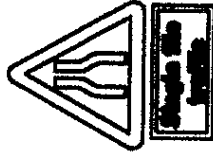

Yours sincerely,

Steve Huckle
Transportation Engineer
