Bunex H.

"To Whom It May Concern, I am presenting you with this petition for the removal of the grass verge which runs along Sunny Bank and is situated outside Honeysuckle Court. I have brought this to your attention because all of the other courts running off of Sunny Bank do not have the grass verge. This has created insignificant parking for us residents and sometimes leading to arguments. If this area was to be removed it should double the parking spaces and solve all our problems. I do hope you will look into this matter promptly yours faithfully Murston residents.
