Faversham Parking Review 2009

Dear Resident/Occupier

You may recall the previous Faversham Parking Review undertaken in 2006, where the views of residents were sought on the existing on-street parking arrangements in the central area of Faversham.

We received a good response from this consultation and as a result carried out a number of changes to the existing parking restrictions.

There were some roads included in the consultation where residents had very different views on the suitability of a residents parking scheme for their particular road, and in cases where there was no clear majority view major changes were not introduced.

Since the last review, we have received various comments and suggestions from residents on the parking arrangements, and we are therefore now carrying out a further review to obtain up to date views on these issues.

As with the previous review, the first stage is to seek the views of residents to find out what works and what could be improved. Obviously, there is limited on street parking in the central area of Faversham, and as such it is important that we make the best use of the parking capacity available.

Once the first stage of this consultation has been completed, we will contact residents again with the results and possible options for change that will form the basis of further consultation.

I would be most grateful if you could complete and return the survey by **Wednesday 11th November 2009**, and I thank you taking the time to respond.

Questionnaire

What is the name of your road?

How many vehicles do you have in your household?

Do you feel that there are parking problems in your road?

Are you usually able to park within a reasonable distance from your property?

If you feel that there are parking problems in your road, are these generally caused by too many residents' vehicles for the spaces available, commuter parking, or a combination? (please circle all answers that apply)

Problems with parking may not exist at all times of the day. When would you consider that the parking problems are worst? (please circle all answers that apply)

Is your road within the residents parking (permit) scheme?

For Residents Within Existing Scheme
Would you say that the scheme works well?

If not, what changes to the scheme do you feel should be considered?

For Residents Outside of Existing Scheme
Do you feel that the residents parking scheme should be extended to include your road?

Are there any other comments you wish to make?

Copies of this document are available on the council website www.swale.gov.uk. If you would like further information, more copies or alternative versions (i.e. large print, audio, different language) we will do our best to accommodate your request please contact:
