## ANNEX B - Proposed Restrictions

## Middletune Avenue Junction Newbridge Avenue, Sittingbourne

### Recommendation - Approval

Comment/Objection They will park in Newk around school times, rand think it is sensible heep it car free.  Completely object to line safe place for visito at school times or moval school times or moval school times are moval school times are moval school times are moval school times, I have to park outside rand this are a problem in the past. give us a drive we have	A S S S S S S S S S S S S S S S S S S S	pmment/Objection Response	in Newbridge Avenue. It is terrible times, my driveway is blocked. I do ensible to put lines there	ople would park outside my house. I want to restrictions are present then vehicles users have the right to park there.	Completely object to lines outside my property, no safe place for visitor cars. The only problem is at school times or moving up from Milton Regis.  The proposed lines will keep the junction clear and re-iterate what the highway code states that vehicles should not park within 10 metres of a junction.	Disagree with lines, I have a disabled son and need to park outside my home, I also have 4 other children at this address, there has not been a problem in the past. The only other way is to give us a drive we have a dropped kerb already.

## Keswick Avenue Junction Woodberry Drive, Sittingbourne

### Recommendation - Approval

Response	
Comment/Objection	I will no longer be able to park outside my home. This has been caused by various large white vans on the corner, most of these drivers do not live near to this corner. I am aware of the danger and obstruction this causes but I am now a victim caused by this problem.
Comment No.	~

## Castle Road, Eurolink Industrial Estate, Sittingbourne

### Recommendation - Approval

Comment No.	Comment/Objection	Response
<b>~</b>	Clearly see no need for Double Yellow lines on industrial estate where we believe there is no issue.	(1) Loafer's café requested that we look at the area and said there were problems with vehicles parking in the "dog leg" area causing movement problems for vehicles. KCC have fully supported the proposals as per the report.
2	Unnecessary, no restrictions in visibility at present. Vehicles do not park in Castle Road. Continual accidents because vehicles travel at high speed.	As per (1)

### High Street Milton Regis - Proposed Extension to Parking Bays - ANNEX B

Ref	Support	Object	Undecided	Comments
				Can not see why parking bays could not be
,				added to the even numbers outside 64-66 to
2	1			70-72. At least 4 bays extra.
				Drivers will see more spaces and stop and
3	1			shop.
4	1		****	•
				People will make it difficult to get into my
5		1		driveway. They should use the car park.
				Already difficult to see oncoming traffic
				when driving up Crown Road. Better to use
				a small area at the top of Recreation Ground
				behind the Co-op. Access to High Street via
6		1		passage.
7	1			
8	1			
9,	1			
				Would help us to have two bays outside our
				shop. Between 10am-2pm with 15 minute
11	1			stay.
				Any proposal that helps parking is a good
		l		thing. Remember people live here also, help
				for residents should be looked at. Extend car
				park next to Court Hall, make it free for
12	1			residents at certain times would be a start.
				Could you put parking time limit up, clients
13	1			need more than 2 hours

T-	<u>'</u>		Please check on Canute Road and beginning of Harold
5	1		Court too.
6			Court too.
7	1		
8			
<u> </u>	1		This would be an advantage, also cars on the road
9	1		overlap my drive way restricting access.
10	<u> </u>	1	Disadvantaging residents as much as visitors.
10		· · · · · · · · · · · · · · · · · · ·	This action will only move the problem to next street,
			concentrating vehicles in a smaller and smaller area,
11		1	where I live.
12		1	This would lead to permits
12		ı	Don't want overspill here. Believe majority of Ethelbert
13		1	residents oppose proposed.
10			Need for longer term parking. Park and Ride or better use
14	1		of Railway Land
15	1		OF Nahway Lanu
16	1		
10	1		Longer restrictions 2 hours better deterent why not 9-
17	1		111am
	<u> </u>	<u> </u>	
			Ethelred Court should not be included in survey. Because
			of commuters, parking restrictions would be benefical,
			with adjacent roads soon to be implemented the situtation
18	1		will be exacerbated.
			Do not consider Ethelbert Rd a problem, restrictions
19		1	would create potential problems elsewhere.
			In favour of the proposal, however it could cause
20	1		problems if someone is visiting all day.
21	1		Very good idea
22	1		
23		1	
24	1		
25	1		
26	1	•	How will this affect school parking
		4	-
27		1	Where will residents park
			I do not have a drive to park my car off road. If proposal
			accepted I will nowhere to park. If a residents parking
			space was placed outside Nos 20 & 22, I will be able to
		4	park during the day. Willing to purchase Residents
30		1	Parking Permit.
			Parking restriction will have detrimental effect on Primary
			School. The car park has limited space for cars, the staff/
			volunteers would not be able to use their cars to bring
	ļ		resources to the school without risk of fines. Commuters
			do not park here, makes no sense to put yellow line
The Parket			restrictions in place. School have excellent relationship
**************************************			with neighbours, I'm sure that consultation with them
31		1	would approve staff parking within the road
29	1	*****	
			Parking never a problem in this road, less commuters
			now than 8 years ago. Only the bottom residents want this
			to happen, they did actively encourage commuters to park
36			in the road to stop the school staff parking.

### Ethelbert Road Faversham Proposed Single Yellow Line (Restriction 10am - 11am)

Ref	Support	Object	Comments
28		1	Always sufficient parking in this road. Majority of houses have off street parking. Excluding all cars between 10-11am creates massive problem trying to solve a minor inconvenience for those who do not appreciate living in a relatively unused quiet road. It is impractical and inconvenient for us, visitors and carers to move cars. Increased car movements impact on environment and safety. Residents community relationship with Ethelbert Rd Primary school will cause problems for those who work hard to minimise schools impact on surrounding community, why initiate difficulties and potentially cause discourse when a positive relationship exists. No parking permit means residents could not get round inconveniences of car moving during the restrictions. Minority of houses without off road parking will be most affected by this suggestion because it is of not benefit to those who can only park on the road. I look forward to the end of this nonsense.
32		1	No one has approached us or a number of other residents about their views. Do you have 29 individual residents or representative of 29 households, are they being held hostage to the self-interest of a few. Majority have parking access with own drive, we are one of four who do not, there is enough room for everyone to park outside or close to their front doors and enough space for visitors. Proposed restriction will seriously impact on the elderly that require daily support. Households who work will not be able to move their cars during 10-11am, during weekdays our vehicle must be parked elsewhere. Restriction will force us to park in Egbert Road or Upper St Anns. We are trying to restrict use of our vehicles to longer journeys, this will have negative impact on environment.
33 34 35	1	1	We have two cars, one parked in communal courtyard the other in Ethelbert Road. We are not always here so we would be unable to move the second car. Would parking permits be available, would we qualify and would we have to pay. Most of Ethelbert have wide garages and ample driveways so there is no need to impose restrictions. Restrictions would move parking onto neighbouring roads, they could then request the same restrictions. Inefficient use of taxpayers money.  The west end of Ethelbert do not have a problem with commuter parking, some of us park in the road, so we would have to park in Upper St Anns. Stop the lines at Egbert Road and leave our end free. Make Station car park free.  If proposed restrictions for Canute Road parking are not implemented perhaps we should have single yellow lines
40	1		too.

Watling Ward Members		
	SUPPORT	Support wholeheartedly, but feel this needs to be taken in with the changes in other nearby areas. It is considered that a concerted policy within the area is required. Otherwise a restriction in one area without others will be difficult to manage and will of course have a knock-on effect.
Head teacher		
	OBJECT	Have 23 staff, all transport various resources every day. Have a large band of volunteers who help on a daily basis. Various meetings are held with outside agencies. Car park has 6 spaces. Proposal totally unworkable for school. Last year completed a school travel plan with KCC, at no point was it indicated there were any proposals for yellow lines in the vicinity of school. Believe this is a knee jerk reaction to one car that has been parked in the road for a period of time.
Gary Stanford Fire station	SUPPORT	

Comments
Am frequently at the school, with restrictions I would be unable to collect a child or be involved with the school as a community
many people need to access the school during these hours (inc specialists) for the childrens benefit. Seems a shame and petty to make this difference Proposed parking restrictions will have an adverse affect
on the day to day running of our local community Primary school.
Proposal will seriously effect the school
This would make parking incredibly difficult for people to volunteer at the school, and for parents attending assemblies. Would adversely affect day to day running at the school.
The reserve

Will have significant effect on the school. Affect anyone wishing to park outside the school. Hose who attend meetings, assemblies etc.  114 1 parents need to be able to park near the school 115 1 No need for yellow lims exchool has white 2ig 2ag member of staff. Yellow lines would cause considerable difficulties to staff and parents, children and visitors to the school.  Volunteer as a parent. Will affect me, I have to drive to make this work with peripatelia feaching at other schools Parking difficult as It is, most residents have a driveway further making spaces limited on the road Please no need to add extra hassis to everyone involved. Road never been so busy so what is the point of yellow lines.  119 1 make this work with peripatelia feaching at other schools Parking difficult as It is, most residents have a driveway further making spaces limited on the road Please no need to add extra hassis to everyone involved. 147		Will just cause parents to park in other roads
148	1	Add
		Adding more parking restrictions will just move problem to
149	4	another street. Most people in Ethelbert have driveways
150	·	why is there a problem
150	1	How many more yellow lines in Faversham?
151	4	It is such a wide road. Yellow lines would just move any
152	·	problems to roads which could lead to danger.
153	•	Dorking alcourbane would account to
154		Parking elsewhere would cause congestion
155		
156		Child attends school
	'	Work at school and often carry large amounts of books to school. This proposal would have negative impact on my
157	1	work
		Not necessary. Unreasonable allocation fo resources.
158	1	Need to drop/visit school.
159	1	
		This will have a knock on effect to other near by road
160	1	(congestion wise) at school drop off and pick up times
161	1	
		Some have enough space on drive for 3 cars, most have
		1. This is why I am objecting to this NOT IN MY FRONT
162	1	YARD
163	1	
		Will impact on anyone helping at the school and parents
164	1	attending meetings, assembly etc
		Would lead to those dropping off children parking further
		away and children have to cross more roads. Surrounding
165	1	areas becoming more congested.
400		Will have horrendous effect on those who have a
166	1	connection with Ethelbert School.
		Strongly object. I often help out at the school, would find
167	,	the restrictions difficult meaning I would have to stop this
107	1	work. Would not enhance the environment.
		Proposal would have a significant affect for me working
		and helping at the school. Will push parking issue into
168	1	another road
		As a teacher at the school I rely on being able to drive to
		school as I have so much to bring with me. Yellow lines is
169	1	a ridiculous idea
		I work at the school and also a parent of a child at the
		school. Have been here for 7 years and never noticed
170	1	any parking problems in this road
		It can be hard enough to find somewhere to park to take
		my son to school, so yellow lines would make it
171	1	impossible.
		I work at the school which has limited parking. I frequently
172	1	park on the road as I have to drive to work.
		I teach at the school and have to drive to work. I could not
		leave the children to move my car at 10am. We do not
173	1	have enough parking spaces for all staff.

 	Support	Object	Comments
			Your view- this will cause minimum impact to other road user. I strongly disagree, it will cause a vast impact on road users. I am a voluntary worker at the school, others,
			teachers, TA's and visitors have to drive to the school and carry items and teaching aids into the school. By putting this sort of restriction in place would force commuters to park near by then in turn making it more difficult for
474		,	everyone here to park near the school, as they would
174		1	have to move their vehicle for the restricted period.
175		1	
470			I work at the school and need to park for longer periods
176		1	than 1 hour.
			I work at the school and have to carry resources, I need to park in the road and be able to park for longer periods
177		1	than 1 hour.
178		1	
			I am a teacher at the school and travel by car due to the
179		1	need to transport resources on a daily basis.
180		1	I work at the school and park on the road every day.
		•	. Work at the concording park of the foad every day.
181		1	I work at the school and park on Ethelbert Road everyda
		•	I work at the school and need to park out side as our site
182		1	in not big enough for us all to park.
		1	in not big enough for us all to back.

				Reasons - Trade/delivery people parking, family/friends visiting.
1		1		Loading/unloading vehicles.
2		1		Can time restricted parking be put in allow 15 mins for drop off. Or no stopping weekdays 8am- 8pm
	***	<u> </u>		по оторрину иссладув бант- орн
				Absolutely no alternative parking in this area. Tiny minority are
		1		inconsiderate parkers and should be fined for obstruction. Some
				houses have no off-street parking or limited space what are they
3		,		supposed to do if they need repairmen or visitors. Double yellow
		1		lines devalue properties. Will they be compensated for devaluation?  Speed camera required on top of hill to stop HGV speeding over
4	1			60mph.
5	1			ovinpri.
6	1			
7	1			Double yellow lines should continue down Boyces hill
8	1			We need this
				Never been a problem for us, only there in the evening. Speed is the
9		1		issue.
10	1			At long last. Have terrible problems existing our driveway. A lot of the time are complelety blind. Road too narrow.
11	1	<del>** ,</del>		urile are completely billio. Road too harrow.
12	1			
				Dangerous that cars park on path and pedestrians have to pass them
13	1			on the road
14	1			
45	,			Put them outside our drive as well, if a lorry is parked you can't see to
15	1			get out.
				Agree parking does obstruct safe passage, but where are the cars going to park, layby is not adequate, where do family and friends
				park? We have off road parking but feel we have to support the
16		1		tenants it will affect.
17	1			
18	1			
19	1			If parking is provide for houseowners without parking space.
20	1			Please install ASAP
			***************************************	Husband suffers will motor neurone, only independence he has is his
ĺ				Husband suffers will motor neurone, only independence he has is his mobility scooter which is sometimes impaired by parked vehicles. On
				occasions he had to go onto the A2 to avoid parked cars. Parked
21	1			cars can cause dangerous situations when exiting our driveway.
23	1			
24	1			
25 26	1			
27	I	1		
		•		There will be no close parking for are relatives with babies and elderly
28		1		in laws who cannot walk far. Speed camera would help.
				Obstructing to be able to see car coming from roundabout, very
29	1			dangerous to get out.
ام	[	,		Our road is busy so pedestrians are rare. Reduce speed limit would
30		11		be more appropriate
31		1		Not really a problem, only one house seem to block path regularly and there is an alternative on the other side of the road
- 31		I I	***************************************	and there is an alternative on the other side of the road
l				
				•
	***************************************			
				Freedlant name about the A
32	1			Excellent news, about time. Cars and vans are always blocking the
94	1		1	pavement halfway up the hill.

Ref	Support	Object	Undecided	Comments
<del></del>				I use the road each day, parked cars are not a problem. Some
1				houses in the road have no off street parking. Occasionally I need to
33		1		stop outside my house.
İ	:			
34	1		7	Footpaths are on north side of Keycol Hill. Footpaths are for
34	1			pedestrians the road is for traffic, currently it seems to be the reverse.
				Definitely support. Obstruction extremely dangerous every day.  Neighbours and I are prevented from walking out the house with
35	1			pushchairs.
	*			As a disability scooter rider and motorist I would be delighted for
				double yellow lines to be installed. Particulary at the roundabout end
				this road is very narrow and dangerous. Many cars half block the
				road and pavement. Too dangerous to negotiate on a mobility
36	1			scooter.
				There will be no parking facilities for residents without driveways. I
				am trying to maintain my property so I need tradesmen at the house
				and they need to park, if double yellow lines go ahead it will
				impossible to get anyone to call or visit. Devalue property. If
				restrictions go ahead there must be a parking area provided close by.
				I would gladly pay for a parking permit, also must have a 30 mph
			• :	speed limit and pedestrian crossing because the speed of traffic will
				increase making it more difficult to cross the road. I walk along the footpath down to Key Street and have never had problems getting
1				past vehicles. Seems a minority of residents are making as
37		1		unnecessary fuss.
		•		Support the proposal mainly concerns the dangers when walking to
				the bus stop for Rainham, caused by large lorries passing each other
				when cars are parked on the north side of the road opposite Glenwer
				House and their rear-view mirror fixtures overhang the pathway which
				is only 27 inches wide. Pedestrain's upper bodies and heads are at
38	1			risk of being hit.
				We are for and against. Parking on pavements and obstructing
				sightlines is annoying. Chicanes to obstruct large/fast vehicles would
				be ideal but is probably unworkable/too costly. Concerned about the
				width of pavement particularly between Hillside House and the old hospital walls and Keycol Hill/ Boyces Hill, you are forced to walk on
				the very edge of the kerb. Someone will get serious head injurys from
39			1	wing mirrors soon.
				William 10 0001.
				As far as I am aware the parking problems involve 6 terraces at the
				bottom of Keycol Hill, I am one of the residents. Residents park here
				not out of choice but out of necessity. Private road owners to do
				allow us to park, some are abusive making us fear for the safety of
				ourselves and vehicles. We have never been unable to walk on the
				pathway due to parking. Over the last 18 months we have been in
				contact with the police regarding parking and they are more than
				happy with how we are parking, as long as they leave room for
				pedestrian, pram and wheel chair access they are happy for us to
				park. We urge the parish council and SBC to meet with residents of
				these terraces to see what other arrangements can be made. I was on the understanding after a visit from a councillor that the farmer
				behind the terraces was going to be contacted regarding parking on
				the land at the bottom of our gardens, we have heard nothing. If lines
40		1		go ahead property will be un-sellable and value decreased.
		-		<u> </u>
				,
				Would appreciate guidance on arrangements for visitors, can I obtain
				visitors permits? Other traffic calming must be considered, HGV's
41	1			exceed speed limit causing my house to vibrate

Ref	Support	Object	Undecided	Comments
				Have no other parking facilities, try to keep off the pavement. Our
42		1		cars have been damaged. It would take value of our house.
				If yellow lines are installed cars will park at the bottom of Bobbing Hill
				where we park. If alternative parking can be provided for my property
43		11		I would support the proposal.
44	1			
45	1			Some park fully on the pavement, this will solve the problem.
				This should help make matters much safer for pedestrians and traffic
46	1			alike.
Photography Photog				I live in one of 6 terraced houses. The residents have had meetings with police and local MP, agreed that residents park allowing enough space for pushchairs and wheelchairs to get passed. We park out of necessity, we tried to use small layby but residents made it hard to do so, we were intimidated. Solutions. 1) If yellow lines are put on Keycol Hill allocate parking spaces on the roa. 2) councillor did suggest we try to buy land behind our houses. 3) Police suggested for a small
48		1		fee we park on private road, police never followed this up. I think option 2 would be most appropriate.
49	1			Parked cars take up so much of the pavement, anyone with a pram or pushchair would have to go in the road
50	1			
51	1			Excellent proposal. I regularly walk along the A2, must be impossible for anyone with a pushchair or wheelchair. This will have to be regularly enforced.
53	1			Fed up walking around parked cars on Main Road with my dogs
54		1		
55		1		Similar to 40 and 48
56	1			
57	1			
58	1	- - - - - -		Parked cars do slow down the traffic, sometimes impossible to cross the road. Need enforced 30 mph, a crossing or speed camera.
59	1			Suggest double white lines in centre of the road at distances on the second plane sent out, this will be a policing matter. Police will be able to discriminate between tradesmen and the few householders who flout the rules. Whether or not white or yellow lines are implemented drivers will increase their speed considerably. Seriously consider that double lines go hand in hand with reduced speed limit of the 30 mph at the distances proposed.
61	1			Work will finally make this area safe. Everyday I use my driveway I face a battle to see the A2
				Path outside 34 is always obstructed. Never the case 5 years ago.
62	1			Nobody enforces the law.

Other Consultees Response

Fire & Rescue	Support	
Bobbing P Council	Support	Although we acknowledge residents may experience problems parking, our over riding aim is to protect footway users and to allow traffic to flow freely in this area
Newington P Council		Have no particular comment to make, willing to go with majority of residents opinions. Have received one letter of support.
Newington Court	Support
