

## **Swale Joint Transport Board – 12 December 2011**

Supplementary paper to agenda item no. 7

### **Sittingbourne Northern Relief Road – Sittingbourne Southern Relief Road**

#### **Proposed Recommendation**

In the light of the outcomes from the recent transport modelling, the Joint Transport Board recommends to the Swale Borough Council's Local Development Framework Panel that:

1. the planning and phasing of the remaining southern section of the Northern Relief Road (SNRR) and the Southern Relief Road be treated separately;
2. the planning and phasing of the Northern Relief Road be considered as part of an Area Action Plan policy and identified appropriately within the Draft Swale Core Strategy DPD document; and
3. the planning and phasing of the Southern Relief Road (SRR) be considered as part of a 'signposting' policy (and upgraded to an Area Action Plan should any monies be identified for its deliverability) within the Draft Swale Core Strategy DPD document.
