

Annex B

Proposed Single Yellow Line - A2 Layby, Newington

Responder	Support	Object	Comments
1	1		An excellent idea.
2	1		Not sure yellow lines will help
3	1		
4	1		Waiting restriction should be between 10am - 4pm Monday to Friday

Proposed Single Yellow Lines - High Street, Eastchurch

Responder	Support	Object	Comments
1	1		Full support as long as it does not push the offending vehicle further up the High St outside the proposed Zone.

Annex B

Proposed Double Yellow Lines
Cranbrook Drive/Tunstall Road, Sittingbourne

SECOND CONSULTATION

Responder	Support	Object	Comments
1		1	
2	1		
3		1	Yellow lines here are an over reaction and personally requested. Never been an incident/accident here and cars have parked like this for 15+ years.
4	1		Please could a keep clear be put on the road Bramble Down Place if yellow lines came up to us.
5	1		These lines should be implemented as per the original proposal and attention should be considered as to the problems with entering and exiting Bramble Down Place, it will result in cars being continually parked opposite the junction will all the inherent safety problems
6	1		
7	1		
8	1		Parking at the side of the road is acceptable. Parking at the very top of a T junction surely isn't. Often is the case.
9		1	The plan gives no mention to the length of the lines in Cranbrook Drive. This is a residential area, we don't need double yellow lines.
