

ANNEX C

The Broadway Minster - Proposed Single Yellow Line with One Hour Waiting Restriction

FIRST CONSULTATION

Reference	Support	Object	Undecided	Comments
2	1			
3		1		Don't need lines. Road OK as it is.
4		1		Whilst allowing customers to park - the congestion at the rear of our shops would be unmanageable, it is the flats tenants that are parking in front instead of back.
5	1			
6		1		Some of our appointments are longer than an hour, patients would be given parking tickets
7		1		Back doors to flats are boarded up on police advice. I have a baby and if I park at the back at night I am subjecting myself and baby to intimidation of the antisocial behaviour prominent in the area. Cannot back at the back during the day due to delivery lorries. I have parked outside for 4 years and there has never been a problem with parking. Costcutters have extended their car park and has never been used to full capacity.
8	1			Trafalgar Parade is for all, not just a few who do not know where to park

The Broadway Minster - Proposed Single Yellow Line with One Hour Waiting Restriction

SECOND CONSULTATION

Reference	Support	Object	Undecided	Comments
1	1			
2		1		I have to carry two kids and shopping up to the flat. Where can I park then?
3	1			Make parking easier for customers.
4		1		I work as a voluntary community first responder (ambulance first response) and need my car outside my house
5	1			
6		1		Shop owners and employee's park at the rear of the property. If parking restrictions are at the front I would have nowhere to park as a resident.
7	1			I do agree but with concerns about the parking facilities for the occupants of the flats above, they cannot park behind our shops. Where should they go?
8		1		object 2 4 6 layby only
