## 1. Emergency Evacuation Procedure

The Chairman will advise the meeting of the evacuation procedures to follow in the event of an emergency. This is particularly important for visitors and members of the public who will be unfamiliar with the building and procedures.

The Chairman will inform the meeting whether there is a planned evacuation drill due to take place, what the alarm sounds like (i.e. ringing bells), where the closest emergency exit route is, and where the second closest emergency exit route is, in the event that the closest exit or route is blocked.

The Chairman will inform the meeting that:

- (a) in the event of the alarm sounding, everybody must leave the building via the nearest safe available exit and gather at the Assembly points at the far side of the Car Park; and
- (b) the lifts must not be used in the event of an evacuation.

Any officers present at the meeting will aid with the evacuation.

It is important that the Chairman is informed of any person attending who is disabled or unable to use the stairs, so that suitable arrangements may be made in the event of an emergency.
