1. Emergency Evacuation Procedure

Visitors and members of the public who are unfamiliar with the building and procedures are advised that:

- (a) The fire alarm is a continuous loud ringing. In the event that a fire drill is planned during the meeting, the Chair will advise of this.

- (b) Exit routes from the chamber are located on each side of the room, one directly to a fire escape, the other to the stairs opposite the lifts.
 - (c) In the event of the alarm sounding, leave the building via the nearest safe exit and gather at the assembly point on the far side of the car park. Do not leave the assembly point or re-enter the building until advised to do so. Do not use the lifts.

Councillors should not act or take decisions in order to gain financial or other material benefits for themselves, their families or friends.

The Chair will ask Members if they have any disclosable pecuniary interests (DPIs) or disclosable non-pecuniary interests (DNPIs) to declare in respect of items on the agenda. Members with a DPI in an item must leave the room for that item and may not participate in the debate or vote.

Aside from disclosable interests, where a fair-minded and informed observer would think there was a real possibility that a Member might be biased or predetermined on an item, the Member should declare this and leave the room while that item is considered.

Members who are in any doubt about interests, bias or predetermination should contact the monitoring officer for advice prior to the meeting.

Licensing Committee Meeting	
Meeting Date	15 th February 2023
Report Title	Draft Pavement Licence Policy
EMT Lead	Emma Wiggins, Director of Regeneration and Neighbourhoods
Head of Service	Charlotte Hudson, Head of Housing and Community Services
Lead Officer	Christina Hills, Licensing Team Leader
Key Decision	No
Classification	Open
Recommendations	<ol style="list-style-type: none">1. Members to consider a draft Pavement Licence policy for consultation and advise on any relevant amendments2. Members to note the consultation process as outlined and to instruct officers to proceed with the same

1 Purpose of Report and Executive Summary

- 1.1 This report provides Members with information and guidance on a draft Pavement Licence policy which requires Members comments and approval prior to public consultation.

2 Background

- 2.1 In response to the Coronavirus pandemic, the Government introduced the Business and Planning Act 2020. This included a temporary provision for a quicker and cheaper or “fast track” process to allow businesses selling food or drink to obtain authorisation from a local authority to place furniture such as tables and chairs on the highway adjacent to their premises known as a Pavement Licence.
- 2.2 This temporary provision was originally due to expire on 30th September 2021, but in July 2021 the Government extended that period until 20th September 2022. On 22nd July 2022, the Government extended this provision again, extending the period during which fast track Pavement Licence provisions continue to apply until 30th September 2023.
- 2.3 The current regulations (The Business and Planning Act 2020 (Pavement Licences) (Coronavirus) (Amendment) Regulations 2022) only apply to applications made on or after 22nd July 2022. All previous licences Pavement

Licences expired on 30 September 2022 unless renewed. There are currently 17 granted licences.

- 2.4 Currently, applicants can choose to either apply for a Pavement Licence from Swale BC or for a tables and chairs licence from KCC as the highway authority under Part 7A of the Highways Act 1980. The difference between the 2 regimes is that a Pavement Licence has a 14-day determination period and costs a maximum of £100 whereas a licence from KCC is subject to a 28-day consultation period and currently costs £196.
- 2.5 Members will recall that at a meeting of the Licensing Committee of 4th October 2022 approval was sought for the Community Safety Manager to be given temporary delegated authority to determine applications for Pavement Licences and to decide whether to grant or refuse them. This delegation would last as long as the temporary provision did.
- 2.6 At this meeting Members requested that a policy be developed to guide their decision making as well as inform businesses and the general public. It was in response to this request that the draft policy the subject of this report was developed.
- 2.7 The current provisions contained within the Business and Planning Act 2020 for Pavement Licences give local authorities very limited enforcement powers with the power to require removal of unauthorised pavement furniture still resting with the highway authority i.e. Kent County Council. The adoption of a policy will not change this position for the time being.
- 2.7 However, the Government has made it known that there could be further extensions to Pavement Licence legislation in the future and these licences have also been included into the Levelling Up and Regeneration Bill with the intention of making them a permanent function of local authorities, giving greater enforcement powers to them than at present and to remove the function of tables and chairs licences from highway authorities. This has been taken into account when formulating the draft policy which will then be amended accordingly as the legislation changes.
- 2.8 There is no statutory requirement for a local authority to have a formal Pavement Licence policy; however, a Council can choose to adopt a policy. This is for the benefit of business owners as well as reassuring the general public. It also reinforces the Regulators Code when dealing with applications by promoting effective practice and ensuring that all decisions as to whether to grant an application or not are proportionate, consistent and transparent.
- 2.9 If the proposed policy is formally adopted, it would be the intention to formally review it when the Levelling Up and Regeneration Bill becomes law and thereafter at 3 yearly intervals.

3 Proposals

- 3.1 Member to consider a draft Pavement Licence policy as shown as **Appendix I** for consultation and advise on any relevant amendments
- 3.2 Members to note the consultation process as outlined and to instruct officers to proceed with the same

4 Alternative Options

- 4.1 Members could choose not to have a policy on Pavement Licences but as the request for the development of a policy came from a previous Licensing Committee meeting it is assumed to be implicit that Members want a policy.
- 4.2 Members could consider not consulting on the proposed policy; however, this would not accord with good governance, giving interested parties an opportunity to consider the proposed policy and make any representations where they consider that changes may be made before adoption. Therefore, this option is not recommended.

5 Consultation Undertaken or Proposed

- 5.1 It is proposed that an eight-week consultation takes place to run between 27th February 2023 until 24th April 2023. Methods of consultation will be by advertising on the Council's website and where appropriate by email and post. The results of this will then be presented to the Licensing committee with a view to being formally adopted.
- 5.2 Consultees will be the following:
 - KCC Highways Department
 - Swale BC Environmental Health Service (including environmental protection and food and safety teams)
 - Ward Councillors
 - Existing licence holders
- 5.3 All incoming responses will be entered onto a grid for consideration. The Community Safety Manager together with licensing officers will conduct an evaluation of each response and give a recommendation as to whether or not to amend the policy statement. The grid and recommendations will be put before a future meeting of the Licensing Committee for consideration and inclusion of any amendments prior to formal adoption.

6 Implications

Issue	Implications
Corporate Plan	<p>There are indirect links to Priority 1 –</p> <p>Priority 1.6 Implement the visitor economy framework to increase investment, address new visitor demands and grow the value of the sector to the Swale economy.</p> <p>Pavement Licences encourage a ‘café culture’ and thus encourage local people and visitors alike to visit local hospitality venues in our towns which supports the principals of local sustainability.</p>
Financial, Resource and Property	<p>Application fees for Pavement Licences are capped at a maximum of £100, under section 2(1)(c) of the Business and Planning Act 2020. It has been decided to require the maximum permitted application fee of £100 for applications. Burdens Payments have also been paid to the Council by Government for the setting up and administration of Pavement Licences.</p>
Legal, Statutory and Procurement	<p>The Business and Planning Act 2020 gives Council the power to grant pavement licences and deal with them thereafter.</p> <p>Unlike certain licensing matters, the Licensing Committee is able to delegate the administration and decision-making process of Pavement Licence functions to officers.</p> <p>Current licences have been issued to expire on 30 September 2023 when the existing legislation is due to end.</p>
Crime and Disorder	<p>It is important that Swale BC has a robust and accountable regulatory regime in relation to pavement licences in order to ensure fair trading and to protect consumers. Licensing regimes are designed to regulate licensable activities in such a way as to support the prevention/reduction of crime and disorder through the imposition of permissible conditions and appropriate enforcement.</p>
Environment and Climate/Ecological Emergency	<p>There are no direct climate change implications for these proposals. In terms of environmental impact, licence holders will be required to keep the pavement used clean and clear of litter/rubbish and to ensure that tables and chairs and furniture are removed from the pavement by 11pm to prevent noise nuisance to nearby residential properties.</p>
Health and Wellbeing	<p>The pavement licence arrangements require licence holders to make reasonable provision for outside seating where smoking is not permitted. Businesses must continue to have regard to smoke free legislation under the Health Act 2006, and the subsequent Smoke Free (Premises and Enforcement) Regulations 2006.</p>

Safeguarding of Children, Young People and Vulnerable Adults	Whilst there are no specific elements of the pavement licence regime relating to the safeguarding of children and vulnerable adults, licensing regimes in general provide a means of regulating, which links in with safeguarding duties and responsibilities.
Risk Management and Health and Safety	Failure to process and determine applications in a timely manner would lead to a number of deemed approvals with less control over their impact on the environment or the community.
Equality and Diversity	The Council has a legal obligation under section 149 of the Equality Act 2010 to have due regard to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons of different groups. There are mandatory conditions involved with Pavement Licences which relate to persons with disabilities
Privacy and Data Protection	As Pavement Licences involve the processing of personal data, GDPR and Data Protection Act 2018 principles are followed

1. Introduction

The COVID-19 pandemic affected businesses across the economy causing many to cease trading for several months while others had to significantly modify their operations.

As the economy started to re-open, on 25 June 2020 the Government announced an urgent relaxation to planning and licensing laws to help the hospitality industry recover from the coronavirus lockdown by removing some requirements and expediting others.

Amongst other measures, the Business and Planning Act 2020 introduced a temporary fast-track process for premises serving food and drink such as bars, restaurants and pubs to obtain permission, in the form of a “pavement licence”, from Swale Borough Council for the placement of furniture such as tables and chairs on the pavement outside their premises which will enable them to maximise their and boost the economy.

Until then, street furniture permissions were granted as tables and chairs licences by Kent County Council, the Highways Authority, under Part 7A of the Highways Act 1980. The fee varies between local authorities and there is a 28-day consultation period. At present applications can still be made to KCC rather than Swale BC if a business chooses.

The new temporary measure placed a cap on the application fee for businesses, and introduced a new 14-day determination period, ensuring that businesses could obtain licences in a timely and cost-effective manner to aid their financial recovery.

The original Pavement Licensing provisions were set to expire on 30 September 2020 however, these have been extended further, until 30 September 2023.

There are provisions contained within the Levelling Up and Regeneration Bill which will affect some of the processes detailed within this policy and these are discussed in Appendix 3.

2. Scope

2.1 Definition of Pavement Licence

A pavement licence is granted by the local authority, or deemed to have been granted, which allows the licence-holder to place removable furniture over certain highways adjacent to the premises in relation to which the application was made.

A licence permits a business to use furniture placed on the highway to sell or serve food or drink and/or allow it to be used by people for consumption of food or drink supplied from, or in connection with the use of the premises

2.2 Eligible Businesses

A business which uses (or proposes to use) premises for the sale of food or drink for consumption (on or off the premises) can apply for a licence. Businesses that are eligible include: public houses, cafes, bars, restaurants, snack bars, coffee shops, and ice cream parlours.

2.3 Eligible Locations

Licences can only be granted in respect of highways listed in section 115A(1) Highways Act 1980.

Generally, these are footpaths restricted to pedestrians or are roads and places to which vehicle access is restricted or prohibited. Highways maintained by Network Rail or over the Crown land are exempt (so a licence cannot be granted).

2.4 Type of furniture permitted

The furniture which may be used are:

- Counters or stalls for selling or serving food or drink
- Tables, counters or shelves on which food or drink can be placed
- Chair, benches or other forms of seating
- Umbrellas, barriers, heaters or other articles used in connection with the outdoor consumption of food or drink.

This furniture is required to be removable, which in principle means it is not a permanent fixed structure, and is able to be moved easily, and stored away of an evening.

2.5 Planning Permission

Once a licence is granted, or deemed to be granted, the applicant will also benefit from deemed planning permission to use the land for anything done pursuant to the licence while the licence is valid.

3. Application and Determination of Pavement Licences

3.1 Submission of the application

An application for a Pavement Licence must be made to the Council and the following will be required to be submitted with the application:

- a) a completed application form and fee of £100
- b) a plan showing the location of the premises shown by a red line, so the application site can be clearly identified
- c) a plan clearly showing the proposed area covered by the licence in relation to the highway, if not to scale, with measurements clearly shown. The plan must show the positions and number of the proposed tables and chairs, together with any other items that they wish to place on the highway. The plan shall include clear measurements of, for example, pathway width/length, building

- width and any other fixed item in the proposed area. The entrance to the premises must also be shown
- d) the proposed days of the week on which, and the times of day between which, it is proposed to put furniture on the highway,
 - e) evidence of the right to occupy the premises (e.g. the lease);
 - f) photos or brochures showing the proposed type of furniture and information on potential siting of it within the area applied;
 - g) (if applicable) reference of existing pavement licence currently under consideration by the local authority;
 - h) evidence that the applicant has met the requirement to give notice of the application (for example photographs of the notice outside the premises and of the notice itself);
 - i) a copy of a current certificate of insurance that covers the activity for third party and public liability risks, to a minimum value of £5 million, and
 - j) any other evidence needed to demonstrate how the Council's local conditions, and any national conditions will be satisfied.

3.2 Fees

The fee for applying for a licence under the Business and Planning Act 2020 is set locally but is capped at £100. Swale Council has determined that the fee for applications is £100.

Application fees must accompany the application in order for the application to be considered valid and for the consultation period to commence.

The fee can be paid using the Councils automated payment line 01795 417286 or on the Swale website <https://swale.gov.uk/business-licensing-and-procurement/licences-permits-and-consents/make-a-licensing-payment>

The fee is an 'application' fee for the processing of the application. The fee will not be refunded if the application is withdrawn, refused or if a licence is surrendered or revoked before expiration.

3.3 Consultation

Applications are consulted upon for 7 days, starting with the day on which a valid application is made to the Council

The Council will publish details of the application on its website at <https://swale.gov.uk/news-and-your-council/consultations>

The Council is required by law to consult with the Highways Authority. In addition, to ensure that there are not detrimental effects to this application the Council will also consult with:

- Swale BC Environmental Health Service (including environmental protection and food and safety teams)
- Ward Councillors

Members of the public and others listed above can contact the Council to make representations.

The Council must take into account representations received during the public consultation period and consider them when determining the application.

3.4 Site Notice

An applicant for a pavement licence must, on the day application is made, fix a notice of the application to the premises so that the notice is readily visible to, and can be read easily by passers-by. The notice must remain in place until the end of the public consultation period.

Evidence of the placement of the site notice must be emailed to the council at licensing@swale.gov.uk

The Site Notice must:

- a) state that the application has been made and the date on which it was made
- b) state the statutory provisions under which the application is made
- c) state the address of the premises and name of the business
- d) describe the proposed use of the furniture
- e) indicate that representations relating to the application may be made to the Council during the public consultation period and when that period comes to an end
- f) state the Council's website where the application and any accompanying material can be viewed during the consultation period
- g) state the address to which representations should be sent during the consultation period
- h) the end date of the consultation (7 days starting the day after the application is submitted to the authority)

A template Site Notice is shown as **Appendix 1**.

3.5 Site Assessment

The following matters will be among those used by the Council and consultees in considering the suitability of the proposed application:

- a) Public health and safety – for example any reasonable crowd management measures needed and, if it were to become applicable again any government guidance on social distancing requirements
- b) Public amenity – would the proposed use create nuisance to neighbouring occupiers by generating anti-social behaviour and litter
- c) Accessibility – taking a proportionate approach to considering the nature of the site in relation to which the application for a licence is made, its surroundings and its users, taking particular account of:

- Any other temporary measures in place that may be relevant to the proposal, for example, the reallocation of road space. This could include pedestrianised streets and any subsequent reallocation of this space to vehicles.
- Whether there are other permanent street furniture or structures in place on the footway that already reduce access
- The impact on any neighbouring premises
- The recommended minimum footway widths and distances required for access by mobility impaired and visually impaired people as set out in Section 3.1 of Inclusive Mobility publication www.gov.uk/government/publications/inclusive-mobility
- Other users of the space, for example if there are high levels of pedestrian or cycle movements

Applicants are strongly encouraged to talk to neighbouring businesses and occupiers prior to applying to the Council and to take any issues around noise, and nuisance into consideration as part of their proposal.

3.6 Determination

Once the application is submitted the Council has 14 days from the day after the application is made (excluding public holidays) to consult on and determine the application. This consists of 7 days of public consultation, and then 7 days to consider and determine the application after the consultation.

If the Council determines that application before the end of the determination period it can:

- Grant the licence in respect of any or all of the purposes specified in the application
- Grant the licence for some or all of the part of the highway specified in the application, and/or impose conditions
- Refuse the application

If the council does not determine the application within 14 days, the application will be deemed to have been granted.

3.7 Approval of applications

Swale Borough Council supports the aims of the Business and Planning Act 2020 and wishes to promote economic recovery and growth in its area and will therefore seek to grant applications for licences where possible.

However, this aim has to be balanced with the need to ensure that the issuing of Pavement Licences does not put public health or safety at risk, does not lead to anti-social behaviour and ensures that the public, particularly those with disabilities such as sight impairment are unhampered when walking along streets

The Council will consider the criteria contained within these guidelines in determining applications and will treat each case on its merits.

On approving the application, the Council will issue a Pavement Licence and attach conditions. The licence will also contain specific terms such as days and hours when tables and chairs and other street furniture are permitted and if necessary, the appearance and location of the furniture corresponding to the application.

A copy of the Council's standard conditions, which will be attached to all Pavement Licences is shown at Appendix 2. Additional conditions may be attached if the Council considers it appropriate in the circumstances of any particular case.

3.8 Refusal of applications

If the site is deemed unsuitable for a Pavement Licence, or if relevant representations are made which cannot be mitigated by imposing conditions, then the application may be refused.

The Council may refuse an application on other grounds including (but not limited to) where the granting of the licence would put at risk public health or safety, lead to anti-social behaviour or public nuisance or unreasonably hamper pedestrians' ability to move freely.

The Council will notify applicants of the reasons for refusal following determination. There is no statutory appeal process against a decision to refuse an application. However, the Community Safety Manager will consider any appeal submitted within 14 days of the refusal notification. Clear reasons should be given for the reasons of an appeal. The Community Safety Manager's decision is final.

4. Conditions

The Council's standard conditions are set out in Appendix 2. In some cases, extra measures may be required. This will be determined when assessing any application, on a case-by-case basis.

5. Enforcement

The Council aims to work closely with other enforcement authorities to enforce the provisions of all appropriate legislation. The case remains that an obstruction of the Highway is an offence under the Highways Act 1980 and will be dealt with by Kent County Council Highways or the police.

Obtaining a Pavement Licence does not confer the licence holder immunity in regard to other legislation that may apply, e.g. Public Liability, Health & Safety at Work, Food Hygiene and Safety and Alcohol and Entertainment Licensing, and applicants must ensure that all such permissions etc. are in place prior to operating.

If the Council considers that a licence holder has breached any condition of the licence it may:

- Revoke the licence, or
- Serve a notice on the licence holder requiring the taking of such steps to remedy the breach as specified in the notice

If the licence holder fails to comply with the terms of a notice it may revoke the licence.

The Council may also revoke a licence in the following circumstances:

- a) Where the highway is being obstructed (other than by anything permitted by the Pavement Licence)
- b) If there is anti-social behaviour or noise nuisance associated with the operation of the Pavement Licence – for example if the use of the Pavement Licence increases the amount of noise generated late at night or litter is not being cleaned up

The Council may also revoke a Pavement Licence where all or any part of the area of the highway to which the licence relates has become unsuitable for the purpose that the licence was granted. The Council will give reasons where these powers are used.

All enforcement activity will be undertaken in line with the principles set out in the Regulator's Code and the Council's Enforcement Policy.

The minimum level of indemnity must be £5million in respect of any one incident.

23. Permission to operate a Pavement Licence does not imply an exclusive right to the area of public highway. The licence holder must be aware that Swale Borough Council and others (e.g. police, highways authority, statutory undertakers) will need access at various times (including emergencies) for maintenance, installation, special events, improvements etc or any other reasonable cause and it is a condition of this licence to provide such access. This may mean that the pavement licence will need to cease operating and/or be removed for a period of time. On these occasions there would be no compensation for loss of business.
24. The licence must be clearly displayed on the premises with a plan of the agreed layout of the Pavement Licence.
25. Risk assessments must ensure that the hazard such furniture present e.g. a trip hazard is risk assessed and appropriate control measure are implemented to reduce any risks as far as is reasonably practicable
26. The licence is valid up to 30 September 2023.

Appendix 3

Information contained within the Levelling Up and Regeneration Bill

The Bill, which is currently draft and will be debated and scrutinised by Parliament before becoming law, proposes to make the regime for Pavement Licences issued under the Business and Planning Act 2020 permanent.

Pavement Licence provisions currently permitted by the Act are currently due to expire on 30 September 2023.

The Bill proposes to make some amendments to the current provisions, which are summarised as follows:

- Amend the fee that councils can charge applicants, increasing it from £100 to £350 for premises which already hold a Pavement Licence, and £500 for new applicants
- Extend the public consultation period and council determination period from 7 day to 14 days
- Extend the maximum duration of Pavement Licences from 1 year to 2 years. The length of a licence is however at the discretion of the local authority
- Provide that Pavement Licences can also be amended by the local authority with the consent of the licence holder if it is considered that the conditions on the licence are not being met
- Prohibit a local authority (i.e. KCC) from granting a tables and chairs licence under the old regime (Highways Act 1980) if a Pavement Licence is capable of being granted under this Bill
- Insert a new Enforcement schedule providing powers to the local authority to remove furniture if a premises is not abiding by its pavement licence conditions and hours

One of the current benefits of the Pavement Licence procedure is that once a licence is granted by the local authority, the premises will benefit from deemed planning permission for the street furniture for the duration of the Pavement Licence. There is no proposal to change this.

Licensing Committee Meeting	
Meeting Date	15 th February 2023
Report Title	Swale BC Street Trading Policy 2021 - 2024
EMT Lead	Emma Wiggins, Director of Regeneration and Neighbourhoods
Head of Service	Charlotte Hudson, Head of Housing and Community Services
Lead Officer	Christina Hills, Licensing Team Leader
Classification	Open
Recommendations	<ol style="list-style-type: none"> 1. Members to consider amendments to the Swale BC Street Trading Policy 2021 - 2024 2. Members to note the policy consultation process and provide any comments in respect of the same

1 Purpose of Report and Executive Summary

- 1.1 To present Members with a draft revision of the current Swale BC Street Trading Policy 2021 – 2024 for Members comments prior to consultation.

2 Background

- 2.1 Under Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982, a local authority may regulate street trading in their area. Swale BC has adopted these provisions for the whole of its area and on 23rd July 2010 designated all streets in the area as 'consent streets'.
- 2.2 The effect of this designation is that any street trading in any street is prohibited, subject to legal exemptions, without first obtaining a street trading consent from the Council. Swale BC has had a policy in place since 2013. There is no statutory requirement for a local authority to have a formal Street Trading policy; however, a Council can choose to adopt such a policy.
- 2.3 The adoption of a Policy benefits customers as well as reassuring the general public and other public bodies. It also reinforces effective practices and ensures proportionate, consistent and targeted regulator activity, whilst also developing a transparent and effective dialogue and understanding between regulators and those we regulate
- 2.4 A draft revised policy was approved by General Licensing Committee on 2nd February 2020 for full public consultation which took place between 30th March 2020 and 30 June 2020. After this consultation the final policy was presented to General Licensing Committee on 21 January 2021 and was then formally adopted by full council on 31st March 2021. The current edition of the Swale BC Street

Trading Policy 2021 – 2024 is available to view at <https://swale.gov.uk/news-and-your-council/strategies-and-policies/street-trading-policy>

- 2.5 Whilst the current provisions contained within the policy have worked well for those traders who have either six month or yearly trading consents, the situation for those individuals requiring one-off consents in order for them to trade at events held within the borough has not been so straightforward. This is mostly due to unclear wording within the policy and how the licensing team have administered applications as a result.
- 2.6 The 2 main areas where problems have arisen are the requirement for there to be an 8-week consultation for events at which there will be street trading, and the requirement within the policy for applicants to obtain a basic Disclosure and Barring Service check (DBS).
- 2.7 These 2 issues were brought sharply into focus regarding an application for a Street Trading Consent for Faversham Hop Festival in 2022 which was submitted too late for any of the current requirements contained within the policy to be complied with. Members will recall that as a result, an extraordinary meeting of the Licensing Committee was held on 22nd August 2022 to waive the requirements contained in the current policy for 1 year
<https://ws.swale.gov.uk/meetings/ieListDocuments.aspx?CId=215&MId=3880>
- 2.8 It was at this meeting that Members discussed ambiguities within the current policy that had not been picked up and the Licensing Team Leader acknowledged that greater clarity on the Street Trading policy was needed for event organisers and a report to address this would be considered at a future Licensing Committee, hence this report and revised policy being presented for Members' consideration.

3 Proposals

- 3.1 The current Street Trading Policy has now been reviewed and where necessary, anomalies of wording or ambiguity have been clarified. The draft revision is shown as **Appendix I** to this report.
- 3.2 As mentioned at paragraph 2.6 there are two particular changes proposed to bring to Members attention which relate to:
 - a) The requirement for an 8- week consultation period for street consent applications
 - b) The requirement for DBS checks for one-off consents 'where necessary'
- 3.3 With regards to the 8-week consultation for applications involving events, officers now consider this to be unnecessary as all event organisers submit an Event Management Plan to the Safety Advisory Group which involves the same agencies as those which are consulted for Street Trading Consents, and this is therefore unnecessary duplication.

- 3.4 With regards to the requirement within the current policy for applicants to obtain a basic Disclosure and Barring Service check (DBS) the policy states that these checks are mandatory for six month or yearly consents and also that DBS checks for 'one-off' consents are required 'where necessary' without defining what circumstances would require a DBS check to be obtained and what would not.
- 3.5 This has met with resistance from proposed "one-off" traders as they feel it adds an unnecessary cost of £23 for the DBS on top of the £10 they pay for the consent.
- 3.6 The reason that DBS checks were introduced was to ensure that no applicants for consents had a history of selling stolen or counterfeit goods and for safeguarding purposes. The Authority has identified a lawful basis for processing personal data and the policy is intended to ensure use of that data is fair, transparent and lawful.
- 3.7 It is still appropriate to require DBS checks for 6 month or yearly consents. However, since the policy was introduced the risk in respect of one-off consents does not support mandatory DBS checks. Additionally, there is a lack of clarity in the policy concerning when such checks would be "necessary" and accordingly the proposal is to remove the requirement for DBS checks for one-off consents.

4 Alternative Options Considered and Rejected

- 4.1 Members could choose not to amend the current Street Trading Policy but as the request for the amendments came from a previous Licensing Committee meeting it is assumed to be implicit that Members want an amended policy.
- 4.2 Members could consider not consulting on the proposed policy amendments; however, this would not accord with good governance, giving interested parties an opportunity to consider the proposed policy changes and make any representations where they consider that changes may be made before adoption. Therefore, this option is not recommended.

5 Consultation Undertaken or Proposed

- 5.1 It is proposed that an eight-week consultation takes place to run between 27th February 2023 until 24th April 2023. Methods of consultation will be by advertising on the Council's website and where appropriate by email and post.
- 5.2 Consultees will be the following:
- Ward Councillors
 - Existing licence holders
 - Event organisers for the Hop Festival event and holders of historic one-off street trading consents
 - The public

- 5.3 All incoming responses will be entered onto a grid for consideration. The Community Safety Manager together with licensing officers will conduct an evaluation of each response and give a recommendation as to whether or not to amend the policy statement. The grid and recommendations will be put before a future meeting of the Licensing Committee for consideration and inclusion of any amendments for endorsement, prior to formal adoption by full Council.

6 Implications

Issue	Implications
Corporate Plan	<p>The service is an important regulatory function undertaken to ensure the safety of the public consumers</p> <p>There are indirect links to:</p> <p>Priority 3:</p> <p>3.4 Ensure that the council plays a proactive role in reducing crime and antisocial behaviour.....</p> <p>3.5 Promote wellbeing and enjoyment of life by signposting and encouraging a wide range of sporting, cultural, leisure and development activities appropriate and accessible to each age group.</p>
Financial, Resource and Property	<p>There are no direct financial implications for Swale Borough Council concerning this draft Policy as the consultation is being carried out by officers. However, if at any time in the future the policy was subject to legal challenge, there could be costs associated with this process.</p>
Legal, Statutory and Procurement	<p>The relevant legislation in relation to street trading is contained within Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 (as amended).</p>
Crime and Disorder	<p>It is a criminal offence to trade in the street without an appropriate consent. The policy provides a framework for consistent decision-making</p>
Environment and Climate/Ecological Emergency	<p>No implications</p>
Health and Wellbeing	<p>No implications</p>
Safeguarding of Children, Young People and Vulnerable Adults	<p>Licensing regimes are largely designed to protect public safety. DBS checks for Street Trading Consents are deemed to be necessary in some circumstances but not all to check that applicants are suitable to trade.</p>

Risk Management and Health and Safety	It is important that Swale BC has a robust and accountable regulatory regime in relation to street trading in order to ensure fair trading, prevent crime and to protect consumers
Equality and Diversity	<p>The Council has a legal obligation under section 149 of the Equality Act 2010 to have due regard to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons of different groups.</p> <p>When considering street trading consent applications, only issues provided for in Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 and provided for in the Street Trading policy for Swale BC will be taken into account. This will ensure a consistent approach is adopted. Under the terms of the policy, every application will be considered on its own merits.</p>
Privacy and Data Protection	Normal data protection and privacy rules will apply

Street Trading Policy 2021-2024

Local Government (Miscellaneous Provisions) Act 1982 Street Trading Local Policy Document

1. Legislation & Policy

- 1.1 Local Authorities have a legal discretion to regulate street trading in their area. Street trading is covered by the Local Government (Miscellaneous Provisions) Act 1982 Schedule 4 – Street Trading, which Swale Borough Council adopted in 1993 and resolved to control within its boundaries.

On 23rd July 2010 the Council formally designated all streets within its boundaries as ‘Consent Streets’.

The effect of this designation is that if you want to sell goods on the street (see para 3.2. for definition), you are street trading (see para 3.1 for definition) and you will need to have the appropriate consent from the Council unless you are legally exempt (see para 3.5).

Trading without the required consent is a criminal offence.

- 1.2 Swale Borough Council adopted this policy on 31st March 2021 to become effective on 1st April 2021.

Every three years the Policy will undergo a full review involving widespread consultation with the existing traders, relevant authorities and the general public, any consultation will be in line with Government guidelines.

2. Purpose & Objectives

- 2.1 Street trading can add variety and vibrancy to the character of this Borough as well as diversity of shopping opportunities. The aim of the Council is to give consent to traders who will help to create a vibrant street scene which complements retail activity, community events and activities.
- 2.2 The purpose of this policy is to provide a framework setting out the Council’s procedures which will be used to inform the various decision making processes to ensure a consistent approach and expectations of those engaged in street trading either from an individual pitch as a mobile trader or as part of a large scale event/festival
- 2.3. This policy aims to give clarity and transparency to potential and existing traders, explaining how the Council will promote its objectives and deliver compliance with imposed conditions.

The Council's key objectives are:

- 2.3.1 To protect the public through the control of street trading within Swale by improving standards of food safety, health and safety and environmental management to enhance the image of the area
- 2.3.2 To ensure that permitted street trading is properly regulated as to where, when and how it takes place.
- 2.3.3 To prevent public nuisance by the use of conditions designed to reduce the risk of nuisance from obstruction, noise, refuse, vermin, fumes and smells.
- 2.3.4 To ensure the suitability of the structures used for the sale of goods.
- 2.3.5 To ensure that traders and the people that they employ are 'fit and proper' in accordance with the Act. This will include a requirement for a basic Disclosure and Barring Service Criminal Records check.

3. Street Trading Definition and Exemptions

- 3.1 Street Trading is defined under the Act as 'selling, exposing or offering for sale any article (including a living thing) in a street'.
- 3.2 A 'street' is broadly defined to include any road, footway, beach or other area to which the public have access without payment and a service area as defined in s.329 of the Highways Act 1980.
- 3.3. This can include areas adjacent to a street, car parks and privately owned land where the public have access, without payment, as a matter of fact.
- 3.4 Street trading includes the sale of food and beverages. It does not include the provision of services (such as face painting or hair braiding) even if payment is made.
- 3.5 The following activities are **exempt** from the need to obtain a street trading consent under the Act:
 - 3.5.1 Trading by a person acting as a pedlar under the grant of a Pedlar's Certificate granted under the Pedlars Act 1871 and issued by the police – see 3.7 below
 - 3.5.2 Anything done in a market or fair, the right to hold which was acquired by virtue of a grant (including a presumed grant) or acquired or established by virtue of an enactment or order. This means markets that have a 'charter' or are permitted by other legislation e.g. The Food Act 1984. All other so called 'markets' will require a Street Trading Consent and for the purposes of this policy will be referred to as 'events' to avoid confusion.

- 3.5.3 Trading in a trunk road picnic area as defined in Section 112 of the Highways Act 1980.
- 3.5.4 Trading carried out as a news vendor selling newspapers or periodicals (only without a stall/receptacle) or one which is not over 1m long or wide or over 2m high.
- 3.5.5 Trading carried out at a petrol filling station.
- 3.5.6 Trading which is carried out at a premises used as a shop or in a street adjoining premises so used and as part of the business of the shop
- 3.5.7 Trading carried out by a 'roundsman' e.g. milk deliveries. However, this does not include ice cream sellers and mobile catering vehicles
- 3.5.8 Use for trading from an object or structure placed on, in or over the highway under Part VIIA of the Highways Act 1980
- 3.5.9 The operation of facilities for recreation or refreshment under Part VIIA of the Highways Act 1980.
- 3.5.10 Doing anything authorised as a public charitable collection made under section 5 of the Police, Factories, etc (Miscellaneous Provisions) Act 1916 – see 11.4 below
- 3.6 Trading at the following events requires a Street Trading Consent but no fee will be charged:
 - 3.6.1 Street Trading at Fetes and Carnivals – outdoor events for which no entry fee is charged staged mainly for public entertainment and benefiting charitable concerns. It is expected that at least some of the monies raised will be contributed to the beneficiary individual, organisation or charity.
 - 3.6.2 Street Trading at non-commercial or charitable events for which no entry fee is charged organised by not-for-profit organisations and charitable trusts.
- 3.7 As detailed in 3.5 above pedlars acting under a certificate are exempt. However, a pedlars' certificate is not required to sell food, and such sales are not exempt, although some traders do have certificates. If the sale is in a street, then it will be street trading and require the appropriate consent.

4. Consideration of an application for a Street Trading Consent - location

- 4.1 The Council does not designate pitches and applicants must therefore propose trading which is compatible with the location being applied for. When considering the proposal, the Council will have regard to other trading taking place in the immediate vicinity.

The aim of this policy is not to discourage competition, rather to ensure an appropriate mix of trading so as to avoid over saturation of any given area. Every application will be considered on its own merits.

Consent will not usually be given for any fixed locations where:

- 4.1.1. Road safety would be compromised either from the siting of the trading activity itself, or from customers visiting or leaving the site.
- 4.1.2. There would be a significant loss of amenity to those in the area caused by additional traffic, or disturbance (e.g. noise, odour or fumes, etc.)
- 4.1.3. There is already significant provision of similar goods in the immediate vicinity of the site to be used for street trading purposes.
- 4.1.4. There is a conflict with Traffic Management Orders such as waiting restrictions.
- 4.1.5. The trading obstructs either pedestrian or vehicular access, or traffic flows, or places pedestrians in danger.
- 4.1.6. The Consent Holder, staff and customers have no appropriate place to park in a safe manner, if required
- 4.1.7. The pitch would be sited on the A249 or M2 as these locations are prohibited by Highways England. Layby's on any other road will be considered on a case by case basis.
- 4.1.8. The pitch would be on a council owned carpark
- 4.2 The consent holder must be granted permission for the use of any land adjacent to the highway from the landowner and adjoining landowners where appropriate. The granting of a consent does not imply that landowners permission has been granted;

Consent to trade does not imply the grant of planning permission and applicants are strongly recommended to consult the Planning Department to check if permission is required prior to commencement of trading

5. Application Procedure

- 5.1 Only persons aged eighteen or over may apply for consent. However, a person under eighteen may be employed as an assistant.
- 5.2 New applications for sole traders will be determined following a 28 consecutive day consultation period.
- 5.3 One - Off Consents. The Council will grant one-off consents up to a maximum of 12 times per calendar year. These types of consents include events that are not exempt from street trading requirements under separate legislation.

- 5.3.1 One-off consents can last for up to 4 days.
- 5.3.2 Each individual trader at an event must obtain their own consent. However, event organisers can co-ordinate the applications.
- 5.3.3 Applications for one-off consents should be submitted no later than 7 days before the event.
- 5.4 All applicants for the consents above will be required to provide documents as shown at Appendix I.
- 5.5 Renewal applications - For sole traders
- 5.5.1 Applicants should submit their renewal application at least 28 days prior to the expiry of their consent if they wish to continue to trade. The Council will normally send reminders of the expiry of consents three months before expiry. It does however, remain the responsibility of the trader to ensure that an application is submitted in time for the consent to be renewed.
- 5.5.2 At renewal, the Council will only consult if there are any concerns regarding the street trader or if there have been any complaints.
- 5.5.3 Where a renewal application has been made and there have been no justifiable complaints, no enforcement issues and all fees have been paid on time, the consent will normally be renewed.
- 5.5.4 Where a renewal application has been made and there have been complaints or enforcement issues which did not result in revocation then the application may be rejected. The council may choose to consult with such agencies and interested parties it considers relevant in this regard before making a decision.
- 5.5.5 Applicants will need to submit documents as shown in Appendix I.

6. Consent Fees

- 6.1 The Council can charge such fees as it considers reasonable and will recover the cost of administration and compliance.

Payment will be required for the following street trading applications:

- a) An annual consent for a fixed location or non-fixed location (mobile traders)
- b) A six month consent for a fixed location or non-fixed location (mobile traders)

- c) A One-off consent for individual traders where there is no exemption applicable (an event)

The Council's adopted fees, for the above-mentioned applications, are shown in Appendix III of this Policy.

7. How the Council makes its decisions

- 7.1. The Council is bound to act reasonably and consistently with its general obligations (e.g. those under the Human Rights Act and Equalities Act) but has a wide discretion when making a decision to give consent for Street Trading. The Council does not have to rely upon specific statutory grounds in order to refuse an application for Street Trading consent or whether or not to renew that consent.
- 7.2. The Licensing section will assess the proposed location, taking into consideration the concerns raised in Section 4 of this policy. The application will then be consulted with various public serving authorities and Council services. The consultees who will be consulted on all applications are:
 - a) Kent Police
 - b) Kent Fire and Rescue Service
 - c) KCC Highways
 - d) Swale BC Environmental Health
 - e) Swale BC Environmental Response Team
 - f) Swale BC Planning
 - g) Swale BC Property Services
 - h) Swale BC Economy and Community Services
 - i) Swale BC Green Spaces team
 - j) Ward Councillors
 - k) Parish and Town Councils
 - l) KCC Safeguarding Unit

And in some cases:

- m) Other businesses/organisations if it is considered that they are likely to be affected by a successful application

The consultation will run for 28 consecutive days.

- 7.3. A representation will be considered to be relevant if it is made by a person, business or body that is likely to be directly affected by a successful application.
- 7.4. If the Licensing section receives a representation then it will be forwarded to the applicant for their comment. The name and address of the objector will

be published unless the Council receive a request for this not to be done for a good reason. The Council will not accept anonymous representations.

- 7.5 Any comments that the applicant may wish to make should be received by the Licensing section within 10 working days of the applicant being notified of the representation.
- 7.6 If the representations cannot be mediated and remain unresolved the application will be referred to the Licensing Sub-Committee. The hearing will normally take place within 20 days from the end of the consultation period.
- 7.7 A Licensing Officer will be responsible for preparing a report for Licensing Sub-Committee, which will be made available to the applicant at least five working days before the date of the meeting. The applicant and the persons making representations will be invited to attend and will be advised in writing of the date, time and place when the application will be heard. Any party can be represented by a lawyer or supported by a representative of their choice.
- 7.8 The Committee may grant the consent as applied for or impose additional restrictions limiting the days and/or times when street trading is permitted. In some circumstances the Committee may restrict the goods which may be sold, the size of the trading pitch or any other relevant detail, depending on the specifics of the application. The Committee could also refuse the application.
- 7.9 If an application for consent is refused following a decision by a Licensing Officer, an applicant can make a written appeal to the Community Safety Manager, who will reconsider the case based on any new evidence given.
- 7.10 If an applicant's appeal is rejected, they will be made aware of the reasons for refusal and advised the only right of appeal against the Council's decision is by way of Judicial Review.
- 7.11 A Judicial Review is where a decision is made by a High Court Judge who will look at all aspects of the application and decide whether or not the Council has acted lawfully
- 7.12 The Council can revoke any street trading consent after it has been given.
- 7.13 In these circumstances, the Council will give notice of any intent to revoke a street trading consent, which will provide a detailed explanation as to why the consent has been revoked. The Council reserves the right to put any contentious matters before the General Licensing Sub-Committee.
- 7.14 If an application is refused or renewal is refused or consent is revoked, following a decision made by the Licensing Sub-Committee applicants will be

advised the only right of appeal against the Council's decision is by way of Judicial Review..

- 7.15 Applicants can also make a formal complaint to the Council at www.swale.gov.uk/compliments-and-complaints
- 7.16 Where a consent is refused the Council may refund the fee, or a part of it as it considers appropriate. Refunds will be considered on a case by case basis.

8. Surrendering a Street Trading Consent

- 8.1 The consent holder may at any time surrender in writing the consent issued to them. Where a consent is surrendered, the Council is under a duty to remit or refund the whole or part of the fee paid for the Consent as they consider appropriate as shown at para 9(5) of the Local Government (Miscellaneous Provisions) Act 1982.

9. Conditions

- 9.1 The Council has adopted standard conditions, as shown in Appendix II, based on the objectives and expectations set out in this policy document as well as the responsibilities of each trader, which will be attached to each Street Trading Consent. Additional conditions may be imposed, or amendments made to the standard conditions, should specific circumstances make this reasonably necessary. Breach of conditions could ultimately lead to enforcement action, which may include, but is not limited to the revocation of a Consent.
- 9.2 The Council may amend the consent conditions at any time. Any substantial amendment to the standard conditions would involve consultation with all affected parties and the responses being presented before the Licensing Committee for formal adoption. Once adopted the amended conditions will be imposed on all existing consent holders immediately thereafter or as decided by Committee.
- 9.3 Failure to comply with our standard conditions may lead to enforcement action, which may include, but is not limited to consent being revoked by the Council. This may affect any future applications.

10. Enforcement

- 10.1 A person engaging in street trading without consent, trading from a stationary van, barrow, other vehicle or portable stall without specific permission for that trading or who fails to comply with conditions at time of trading or location, will be guilty of an offence and may be liable to prosecution under paragraph 10 of Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982.

10.1.1 It is also an offence to make a false statement which you know to be false in any material respect or which you do not believe to be true in connection with an application for consent.

10.1.2 These offences are punishable on conviction with a fine up to £1,000.

10.2 The aim of enforcement within the borough of Swale, is to protect the health and safety and welfare of the public who may be exposed to risks from unauthorised or poorly run street trading. We aim to:

- a) Ensure that all street traders are fit and proper to trade
- b) Promote compliance with the law
- c) Ensure those who fail to abide by the Standard Conditions or relevant legislation (depending on the nature of the business) are held accountable, which may result in prosecution or revocation of their consent
- d) Be proportionate and consistent in our dealings with applicants and consent holders
- e) Be transparent, open and honest

10.3 Decisions regarding enforcement action will be made in accordance with this policy, the Swale BC Enforcement Policy, Licensing Enforcement Policy and on a case-by-case basis. The enforcement function for any breaches in legislation is currently delegated to the Community Safety Manager, supported by Licensing Officers.

10.4 In regard to ice cream traders, a 'Code of Conduct', issued by the Department for Environment Food and Rural Affairs (www.defra.gov.uk) provides guidance to traders and Local Authorities on aspects of the trade such as the sounding of chimes. The Local Authority's Environmental Department may refer to this guidance when investigating allegations of noise nuisance.

10.5 The licensing team will only carry out enforcement on Ice Cream Sellers in the following circumstances:

- a) Trading without a consent
- b) Trading in an area not specified on the Street Trading Consent
- c) Trading outside of the permitted hours

10.6 Enforcement of the following will be carried out by other departments of the Council:

- a) Incorrect disposal of waste
- b) Health and Safety/ Food Hygiene and Environmental Issues

11. Other Legislative Requirements – This is not intended as an exhaustive list

- 11.1 Any food traders would need to be compliant with food hygiene regulations. All food businesses that prepare, sell, store or cook foods and drinks need to register as a food business with Environmental Health.
- 11.2 Where food is sold the consent holder must comply at all times with ALL current hygiene legislation.
- 11.3 Exposing vehicles for sale on a road is regulated under Section 3 of the Clean Neighbourhoods and Environment Act 2005. Complaints relating to commercial sales, of two or more vehicles within 500 metres of each other should be reported to Swale BC Environmental Response Team.
- 11.4 Persons collecting money under section 5 of the Police, Factories, etc (Miscellaneous Provisions) Act 1916 require a Street Collection Permit from the Council but not a Street Trading Consent.
- 11.5 Some charities employ collectors who canvass the public in order to obtain a direct debit mandate to contribute to the charity (these collectors are sometimes known as 'chuggers'). This type of collection requires neither a Street Collection Permit nor a Street Trading Consent. However, Swale Borough Council does have an expectation that all proposed collectors of this type will contact the relevant market manager or the licensing team to liaise over the location, days and times that this type of activity will take place, especially to ensure that they do not interfere with any markets or events taking place. It is expected that there will be no tables or structures such as gazebos erected by the collectors. Most important is the expectation that direct debit collectors will behave in a respectful and courteous manner toward members of the public and not harass them in any way.
- 11.6 Promotional stands are not covered under this legislation as no sale takes place. However, there is an expectation that anyone wishing to erect such a stand should, in the first instance contact the relevant market manager or licensing team to check suitable locations so as not to interfere with any events or markets that may be taking place.
- 11.7 Any sale of alcohol will also require a Temporary Events Notice (TEN) under the Licensing Act 2003. The notice period for giving a standard TEN is statutory and is 10 clear working days between and not including serving the notice and the date of the event. A late TEN requires at least 5 clear working days' notice between and not including serving the notice and the date of the event.
- 11.8 There are limits on the number of standard TEN's and late TEN's that can be applied for within a year.

- 11.9 In respect of a consent issued to an Event Organiser, it is the responsibility of the organiser to ensure that any stall wishing to sell alcohol is aware of the requirement for a TEN.

12. Data Retention

- 12.1 Under the General Data Protection Regulations the Council has set out the period of time that personal information shall be retained.
- 12.2 All personal information provided on an unsuccessful application, will be retained for a period of six months before being destroyed.
- 12.3 All personal information relating to the consent holder, irrespective of its level of sensitivity, will be retained for the period of consent; once the consent has expired or been revoked or the trader notifies the Council they no longer wish to have consent; the information shall be retained for a period of 24 months before being destroyed.
