

**Council 14 November 2018: Questions submitted from Members of the Public**

Question No.	Question from	Question:	Question to:	Responsible Officer:
1.	Kane Blackwell	Can I ask the Leader what the Council is doing to make sure the Borough is kept clean and attractive?	The Leader/Councillor David Simmons, Cabinet Member for Environment and Rural Affairs	Martyn Cassell
2.	Stephen Palmer	In a letter from Swale CCG to the Planning Department dated 24 August 2018 is a comment "Swale's potential growth is likely to be 30,000 people over the next 15 years equating to circa £90m loss of revenue funding." If you count all the applications that have been approved or are in the system this accounts for just under 10,000 people within 5 years. As S106 payments will be nowhere close to £90m what plans do the council have to ensure that there is no detrimental impact on the service the NHS currently provides and what are they doing to increase the number of permanent GPs, as currently 23% of GPs in Swale are locums and to increase the overall number, especially as the NHS are declining to allow developers to build new medical centres as part of their applications.	Councillor Sarah Aldridge, Cabinet Member for Health and Wellbeing	Charlotte Hudson
3.	Brian Spoor	If the precept is set lower than what has been suggested Sheerness will not get the services it deserves, so can we please have the proposed amount?	The Leader
