Audit Committee

Annual Report

2019/20

Statement from the Chairman

As the Chair of the Audit Committee, it is my pleasure to introduce the annual report, providing an overview of the Committee's activity during the Municipal Year 2019/20.

This year so far has presented big challenges for the Council following the Covid-19 pandemic, but we have continued throughout to focus our attention on issues we have faced as a Council from a risk, control, and governance perspective. This report looks back and gives us opportunity to reflect on the activity and achievements of the Committee between April 2019 to March 2020.

The Audit Committee continues to make progress in terms of discharging its responsibilities to provide independent assurance on the adequacy of the Council's risk management framework and the associated control environment, and in providing robust scrutiny and challenge of the Authority's financial performance.

During 2019/20 the Committee met four times and I was pleased to note, among the highlights, a further unqualified accounts opinion and value for money conclusion from our external auditors, consideration of the Council's risk management processes and a positive opinion on the Council's control and governance from our internal auditors.

I would like to take this opportunity to thank Committee Members and the Officers that have supported the Committee over the last year. Their professionalism, integrity, and openness have helped us to discuss, challenge and debate key issues and agree solutions and improvements where appropriate to do so.

Councillor Simon Clark – Audit Committee Chairman

Purpose of the Committee

The Audit Committee operates in accordance with the <u>Audit Committees</u>, <u>Practical Guidance for Local Authorities</u>. This guidance was updated in 2018 and is published by the Chartered Institute of Public Finance (CIPFA). This guidance defines the purpose of an Audit Committee as:

Audit Committees are a key component of an authority's governance framework. Their function is to provide an independent and high-level resource to support good governance and strong public financial management.

The purpose of an Audit Committee is to provide those charged with governance, independent assurance on the adequacy of the risk management framework, the internal control environment and the integrity of the financial reporting and annual governance processes. By overseeing internal and external audit it makes an important contribution to ensuring that effective assurance arrangements are in place.

The Committee is independent from other executive management and the Cabinet, and has clear reporting lies and rights of access to discharge its responsibilities in line with its Terms of Reference (Appendix I). This includes direct access to the Council's Appointed Auditors and Head of Audit Partnership without the presence of other Officers, where appropriate.

The Committee monitors internal and external audit activity, reviews and comments on the effectiveness of the Council's regulatory framework, and reviews and approves the Council's annual statements of accounts.

The Committee is not a substitute for the management function in relation to internal or external audit, risk management, governance, or any other review or assurance function. It is the Committee's role to examine these functions, and to offer views and recommendations on the way the management of these functions is conducted.

Sources of Assurance

In drawing our conclusion this year, to how we have discharged our duties as a Committee, we have considered assurance from the following sources:

The work undertaken by our Internal Audit Partnership

- Mid Kent Audit works as a shared service between Ashford, Maidstone, Swale and Tunbridge Wells
 Borough Councils and has kept the Committee updated on the outcomes of internal audit work
 throughout the year
- The Council received an unqualified Annual Opinion from the Head of Audit Partnership. This opinion considers the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control arrangements for the Council.
- The Internal Audit plan for 2020/21 included a breakdown of internal audit assurance work for the coming year, and the Committee were given the opportunity to comment on the work of internal audit prior to endorsing the plan for delivery.

Finance and Governance information

- The Committee reviewed and provided challenge on the annual accounts prior to approval and publication and received financial updates throughout the year.
- The annual risk management report provided an update on the effectiveness of the Council's risk management framework and the controls in place to manage the corporate and operational risks.
- The Annual Governance Statement supported the overall conclusion of the Head of Audit Annual Opinion, with actions identified for improvements. The Committee reviewed the Annual Governance Statement and provided challenge prior to approving it. The Committee specifically gained assurance from this document, as it explains the processes and procedures in place to enable the Council to carry out its functions effectively.

The work of our External Auditors – Grant Thornton

- The External Auditors presented an unqualified opinion for the Councils financial statements and value for money conclusion for 2018/19. The Committee provided effective challenge to the External Auditors and gained assurance from the reports and updates provided by Grant Thornton during the year.

Conclusion

The Audit Committee, in partnership with the Council's Internal and External Auditors, and with the support from Officers has provided robust and effective independent assurance to the Council on a wide range of risk, governance and internal control issues.

The Audit Committee can demonstrate that it has appropriately and effectively fulfilled its duties during 2019/20 as set out in the respective minutes.
