

Question	Response
<p data-bbox="206 236 660 268">From Councillor Cameron Beart</p> <p data-bbox="206 309 857 341">2.1 20/500887/FULL - 224-226 Minster Road</p> <p data-bbox="206 379 931 560">The report states "The parking area to the front of Barton House (which is linked to Porter Close) is also included in the red line edge shown on the site plan, and notice has been served on the owner of Barton House."</p> <p data-bbox="206 603 943 783">It was certainly included in the red line on the original site plan but on the latest site plan, it isn't. Could this be clarified? How will access be achieved if the only access route is outside of the red site line/applicants boundary?</p>	<p data-bbox="974 272 2011 379">The submitted site location plan (drawing number EX-SITE-00 Rev 06) is attached above for reference, and sets out the red line boundary of the application.</p> <p data-bbox="974 422 2027 671">I have reviewed the proposed site plan and agree that it does not show the correct red line boundary, as the area to the front of Barton House is not included within the red line. I have notified the agent and he has provided the attached amended plan, showing the correct red line boundary, which now matches the red line on the site location plan. I have sent this amended plan over to our technical team to upload onto the public access.</p>
