GENERAL NOTES:
 1. This drawing shall not be scaled.
 2. Drawings to be read in conjunction with all relevant engineers, specialist information and specification.
 3. All dimensions shall be checked on site, where applicable prior to commencing the work.
 4. All work shall conform to the current edition of the Building Regulations and any other relevant Statutory Requirements.
 5. All material and workmanship shall conform with the relevant British Standard Specifications and Codes of Practice.
 6. Check locations of all existing utilities prior to commencement of any work and ensure the relevant authorised providers are notified of any proposals whereby they become affected.
 7. Check exact positions of existing sewer/drainage prior to commencement of any work. Existing sewer/drainage to be adjusted as necessary whilst obtaining relevant water authorities approval. Existing inverts to be confirmed.
 8. Extent of all existing foundations to be confirmed prior to commencement of any work. Extreme caution to be exercised so as not to undermine existing foundations in any way.
 9. Make allowances for diverting existing services, overflows, flues and extracts etc. where necessary.
 10. CDM Regulations 2015, refer to the site copy of the Health and Safety Plan.
