<b>Recommendations</b>	<ol style="list-style-type: none"> <li>1. To agree the proposed fees and charges 2021/22 as set out in this report.</li> <li>2. Regarding Pest Control agree that that delegated authority be given to the Head of Commissioning, Environment and Leisure Services in consultation with the Chief Financial Officer and the Cabinet Member for Environment to amend the fees and charges and/or the wording to the Pest Control charges based on the outcomes from industry research and expressions of interest over the coming months, and to implement the revised charges to reflect any new pest control contract start dates (which may be before or after the 1 April 2021). If a suitable contract is not deemed viable, these fees and charges will be removed.</li> </ol>

## 1. Purpose of Report and Executive Summary

- 1.1 This report has previously been considered by Cabinet on 28 October and Scrutiny Committee on 18 November. Whilst Scrutiny Committee did not make any specific recommendations there were a number of changes which were agreed and these are shown in mark up in the report (questions and responses attached in Appendix I). There is also a change to the charges for travelling fairs at the request of the Deputy Leader and Cabinet Member for Planning.
- 1.2 All the charges included in this report under the Council's control will take effect from 1 April 2021.

- 1.3 Appendix II details proposals on a service-by-service basis for the level of fees to be charged in 2021/22 on those services where this Council sets the charges. Appendix III sets out the fees and charges which are set nationally by Government. Appendix IV details the 2020/21 budget for fees and charges for services.
- 1.4 We need to ensure that for discretionary services, where there is a choice over whether the local resident does choose to buy the service, they pay a level which covers costs and is reasonable in comparison to neighbouring councils.

## **2. Background**

- 2.1 In 2020/21 the fees and charges budget covered by this report where the Council sets the level of fees or charges was £3,879k (see Appendix III). Fees and charges income, particularly from car parking, will be heavily impacted in this financial year by the consequences of covid 19. The return to the Ministry of Housing, Communities and Local Government (MHCLG) forecasts a reduction of £1.2 million this year in fees and charges income.
- 2.2 Managers and all service areas were asked to review the current schedule of fees and charges for the forthcoming financial year.
- 2.3 Authorities have a statutory duty to ensure fees are set in accordance with the Local Government Act 2003. This allows local authorities to charge for discretionary services. Discretionary services are those services that a council has the power to, but is not obliged to, provide. A pre-condition to charging is the person has to agree to the provision of the service, and they are prepared to pay for it. Some charges depend on relevant consultation being carried out by the service concerned.

## **3. Proposals**

- 3.1 Appendix I details the proposed fees and charges to be set by the Council for 2021/22 and Appendix III those that are set by Government.
- 3.2 Heads of Service were advised that any indexation be based on the Consumer Price Index (June 0.6%) be used and rounded to the nearest 10 pence.

## **4. Alternative Options**

- 4.1 The alternative would be to propose a general flat rate increase or no increases in fees or charges. These alternatives are not recommended as they would fail to take into account statutory requirements, individual circumstances, or the increased cost of delivering services.

## **5. Consultation Undertaken or Proposed**

- 5.1 Any necessary consultation will be undertaken by the managers of the relevant service area.

5.2 There will be specific consultation required on changes to hackney carriages charges.

5.3 Scrutiny Committee considered the proposals on 18 November 2020 before submission to this Council meeting.

## 6. Implications

Issue	Implications
Corporate Plan	The income from fees and charges is a key component of the Council's budget and is key to supporting the Corporate Plan objectives.
Financial, Resource and Property	Work will continue on the detailed impact of the proposals. In proposing the new charges, consideration has been given to the likely impact on income levels given the anticipated response of service users to increases in charges.
Legal and Statutory	All proposals for charges reflect the relevant legislation.
Crime and Disorder	None identified.
Environment and Sustainability	None identified.
Health and Wellbeing	None identified.
Risk Management and Health and Safety	None identified.
Equality and Diversity	Where there are underlying policy issues to any proposed changes in charges, these will be supported by a service equality impact assessment, and any necessary mitigations undertaken.
Privacy and Data Collection	None identified

## 7. Appendices

7.1 The following documents are to be published with this report and form part of the report:

- Appendix I: Scrutiny Committee questions and responses.
- Appendix II: Proposed fees and charges for 2021/22 set by the Council
- Appendix III: Fees and charges set nationally by Government
- Appendix IV: Summary of fee income for 2020/21 budget

## **8. Background Papers**

None.

## Scrutiny Committee 18 November 2020 – Fees and Charges Questions

Question	Response
P8 what does the 12.5% refer to? GP	12.5% is the fee that our Staying put Service charge for their service in dealing with a disabled facilities grant on behalf of a client. The fee is calculated based on the cost of grant works undertaken and is paid for as part of the grant. The amount is in line with the other Home Improvement Agency acting on behalf of other councils in Kent. The fee covers the costs of running the service in any normal year. The client does not need to use this service and can opt for anyone else if they choose so the amount needs to be competitive and not so expensive that it reduces the amount of grant available to undertake the disabled adaptations needed.
P11 What is a Con29?	CON29 is a set of standard enquiries which are usually made when buying a property these include matters such as major road proposals, traffic schemes and road adoption status.
P16 Season ticket £250 - add text that excludes Bourne Place	N/A
P22 new category of local travelling fairs to be added	N/A
P35 with the UK leaving the EU the differentiation between EU and non EU should be taken out	N/A
P43-48 charges to betting premises to be increased to the max	N/A
P49 do we issue any pleasure boat licences and if so to whom	One issued to Mr Jarvis who carries out trips from the island.
P50 pavement licenses	Pavement Licences are the new responsibility for tables and chairs that we had to quickly get processes in place following the Business and Planning Act 2020 coming in to force from July 2020. This is currently our responsibility until 30/09/21. They are issued for 12 months and under KCC the fee was £190.
P52 Swale House room hire - these need to be revised for 2022/23 to reflect the refurb	N/A
P53 Guildhall is the pm session afternoon and evening i.e. twice as long as am	The session time is 4 hours. Any booking exceeding this time is charged at an additional £10 per hour.

**Scrutiny Committee 18 November 2020 – Fees and Charges Questions**

<b>Question</b>	<b>Response</b>
P54 how is new mobile home site defined and how have we calculated the charges GP	A new mobile home site, is any new site known as a relevant protected site that is granted planning permission for permanent all year round residency and requires a licence under the Caravan Sites and Control of Development Act 1960. The fee is based on officer hourly rate and time taken to process the application as in accordance with legislation and government guidance.
