

IMPORTANT – NOT A CIRCULAR

Proposed Double Yellow Lines Cortland Close, Milton Regis

Following a site meeting with Ward Members, the County Member and local residents, proposals have been prepared for two sections of double yellow lines to be installed in Cortland Close, Milton Regis, as shown on the plan overleaf.

Issues have been reported with parked vehicles obstructing access along Cortland Close for refuse freighters and larger vehicles, and also impeding access in and out of Cortland Mews, and Ward Members have requested the introduction of these additional double yellow lines, funded through the County Member's Highway Grant. There was considerable discussion on site prior to finalising the proposed restrictions, and it was acknowledged that some residents rely on on-street parking and that a balance needed to be found to solve obstruction issues whilst maintaining some parking capacity.

We would be most grateful to receive your views as to whether you support or object to the proposals, and the responses received will be reported to the Swale Joint Transportation Board to consider at their next meeting. Please note that direct, individual responses will not be sent out in response to each questionnaire. At the end of the consultation a report on feedback will be compiled and this will be available on request.

Please e-mail your comments to us at engineers@swale.gov.uk or alternatively complete the reply slip below and return to Swale Borough Council Engineering Services, Swale House, East Street, Sittingbourne, Kent, ME10 3HT, by **Friday 15th October 2021**. A space has also been provided to allow you to add any further comments you may have. Thank you for taking the time to respond.

Proposed Double Yellow Lines – Cortland Close, Milton Regis
