*In line with the recommended processes agreed by the Area Committee Review Working Group, two officers who were not involved in the scoring process considered the specific criteria indicated by the challenger, in this case contributing to Swale's Strategic Priority 3. The reviewers considered each objective within Priority 3 against the bid submitted to determine how reasonable the scores were. In this case the reviewers agreed that the bid directly contributed to objective 3.4. However, there was no direct link to the other objectives and the indirect links to objectives 3.2 and 3.5 were minimal. Therefore, it was agreed that the area of challenge should receive three 'limited' scores as opposed to a single 'limited' score and therefore the score for that category be increased to 3 and the total score be increased to 34.*
