

**Tabled Update for Item 2.1 – Frognal Lane (ref. 23/505541/REM)**

On 22 May 2024 Teynham Parish Council provided the following submission:

Teynham Parish Council acknowledges the latest updates on planning application 23/505541/REM. We continue to object to the current iteration of the application. Our previous concerns remain, including: the absence of GP facilities, potential disruptions during the construction phase, the car-centric design within the residential zone, and the short-term nature of the lease agreements for community assets including the allotments, orchards, and the sports facilities.
